FROM: MIAX Regulatory Department

RE: Change to Opening and Intra-day Quote Width Requirements for Symbol AZO Effective September 2, 2022

MIAX Emerald Options has modified the quote width requirement as provided for under MIAX Emerald Rule 603(b)(4)(ii) for the symbol AZO. The updated maximum valid bid/ask differentials for Market Makers stated in MIAX Emerald Rules 503(e)(2) and 603(b)(4)(i) for the symbol AZO have increased from \$5.00 to \$20.00.

OPTION SYMBOL	SECURITY NAME	MAXIMUM VALID WIDTH FOR OPENING AND INTRA-DAY	MIAX ORDER MONITOR SETTING
AZO	AUTOZONE, INC.	\$20.00	\$20.00

Additionally, as provided for under MIAX Emerald Rule 519(a)(2)(ii), the Exchange has established a difference other than the bid/ask differential for the MIAX Emerald Order Monitor setting described in MIAX Emerald Rule 519(a)(2)(i) regarding the symbol above.

The valid quote width requirements listed above apply to both Standard and priority quotes as defined in MIAX Emerald Rules 517(a)(1) and 517(b).

The maximum priority quote widths for Long-Term Options for the symbol above have an opening multiplier of two times (2X) and an intra-day multiplier of one time (1X).

As provided for under MIAX Emerald Rule 603(b)(5), the bid/ask differentials stated in MIAX Emerald Rules 503(e)(2) and 603(b)(4)(i) shall not apply to in-the-money options where the underlying security's market is wider than the differentials set forth above. For these options, the bid/ask differential may be as wide as the quotation on the primary market of the underlying security.

The market maker quote requirements above will be effective beginning Friday, September 2, 2022, and remain in effect through Friday, September 30, 2022, unless withdrawn by the Exchange before that time. For the complete list of extended quote width classes and Market Maker requirements, please refer to <http://www.miaxoptions.com/market-maker-requirements/emerald>.
