Background Information on the Fund

The Amplify CWP Enhanced Dividend Income ETF seeks to provide current income as its primary investment objective and to provide capital appreciation as its secondary investment objective.

Under normal circumstances, the Fund invests at least 80% of its total assets in dividend-paying U.S. exchange-traded equity securities (“Equity Securities”) and will opportunistically utilize an “option strategy” consisting of writing (selling) U.S. exchange-traded covered call options on such Equity Securities. Amplify Investments LLC (“Amplify Investments” or the “Adviser”) serves as the investment adviser to the Fund. Capital Wealth Planning, LLC (“CWP” or a “Sub-Adviser”) and Penserra Capital

Management LLC (“Penserra” or a “Sub-Adviser) each serve as investment sub-advisers to the Fund. Penserra is responsible for implementing the Fund’s investment program by, among other things, trading portfolio securities and performing related services, rebalancing the Fund’s portfolio and providing cash management services in accordance with the investment advice formulated by, and model portfolios delivered by, CWP and Amplify Investments. The Sub-Advisers are not affiliated with the Fund or Amplify Investments.

The Fund’s portfolio is strategically designed to offer high levels of total return on a risk-adjusted basis. The portfolio consists primarily of dividend-paying stocks that deliver cash flows from dividend and option income while offering the potential for capital appreciation. CWP constructs a portfolio that is diversified across the industry sectors represented by the S&P 500 Total Return Index (the “S&P 500”) and sells call options tactically to generate additional income. CWP actively manages sector allocation and opportunities to participate in defensive and cyclical trends within economic cycles. CWP also screens for growth and value stocks that have a history of increasing dividends and possess strong fundamentals.

CWP seeks to identify Equity Securities of high-quality large capitalization companies from the S&P 500 that CWP believes are likely, over time, to sustain their earnings and cash flow growth and increase their dividends. In accordance with this investment methodology, CWP seeks to identify Equity Securities of companies that are likely to raise annual dividends with consistency. In constructing its portfolio of approximately 20 to 25 of such Equity Securities (the “Portfolio”), CWP considers which industry sectors represented by the S&P 500 appear to be outperforming relative to the overall market and over-weights those sectors by selecting Equity Securities that are outperforming relative to their peers within such sectors. Under normal market circumstances, the Portfolio’s aggregate exposure to any one sector will be less than 25%, and the maximum weighting of each of the Equity Securities will be no more than 8%. The Equity Securities held by the Fund will, on an ongoing basis, be screened and adjusted according to other investment attributes, including market capitalization, management track record, earnings, cash flows and return on equity.

The Fund will also employ an option strategy in which it will write U.S. exchange-traded covered call options on Equity Securities in the Portfolio in order to seek additional income (in the form of premiums on the options) and selective repurchase of such options. A call option written (sold) by the Fund will give the holder (buyer) the right to buy a certain equity security at a predetermined strike price from the Fund. A premium is the income received by an investor who sells or writes an option contract to another party. CWP seeks to lower risk and enhance total return by tactically selling short-term call options on some, or all, of the Equity Securities in the Portfolio. Specifically, CWP seeks to provide gross income of approximately 2-3% from dividend income and 2-4% from option premium, plus the potential for capital appreciation. Unlike a systematic covered call program, CWP is not obligated to continuously cover each individual equity position. When one of the underlying stocks demonstrates strength or an increase in implied volatility, CWP identifies that opportunity and sells call options tactically, rather than keeping all positions covered and limiting potential upside.

The Fund issues and redeems Shares at net asset value (“NAV”) only with authorized participants (“APs”) that have entered into agreements with the Fund’s distributor and only in Creation Units (large blocks of 50,000 Shares) or multiples thereof (“Creation Unit Aggregations”), in exchange for the deposit or delivery of a basket of securities in which the Fund invests and/or cash. Except when aggregated in Creation Units, the Shares are not redeemable securities of the Fund.

Individual Shares may be purchased and sold only on a national securities exchange through brokers. Shares are expected to be listed for trading on the Exchange and because the Shares will trade at market prices rather than NAV, Shares may trade at prices greater than NAV (at a premium), at NAV, or less than NAV (at a discount).

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing a Fund’s performance to not match the performance of its underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, issuer-specific risk, management risk, concentration risk, equity securities risk, sector risk and passive investment risk.

In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;

- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security.

In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
