**Re:** Columbia ETF Trust - MUST

---

MIAX PEARL, LLC (“Exchange”) commenced trading of equity securities on September 25, 2020 followed by a security-by-security phase-in period. This Product Circular is being issued to advise you that the following security has been approved for trading pursuant to unlisted trading privileges (“UTP”) on the Exchange as a UTP Derivative Security pursuant to Exchange Rule 2900, and will begin trading on MIAX PEARL during the phase-in period. See the [Exchange’s Website](#) for the phase-in schedule.

<b><u>Security (the “Fund”)</u></b>	<b><u>Symbol</u></b>
Columbia Multi-Sector Municipal Income ETF	MUST

**Issuer/Trust:** Columbia ETF Trust

**Issuer Website:** <https://www.columbiathreadneedleus.com/investment-products/exchange-traded-funds/>

**Primary Listing Exchange:** NYSE Arca

The purpose of this Product Circular is to outline various rules and policies that will be applicable to trading in this new product pursuant to the Exchange’s unlisted trading privileges, as well as to provide certain characteristics and features of the Shares. For a more complete description of the Issuer, the Shares and the underlying market instruments or indexes, visit the Issuer Website, consult the Prospectus available on the Issuer Website, examine the Issuer Registration Statement or review the most current information bulletin issued by the Primary Listing Exchange. The Issuer Website, the Prospectus, the Issuer Registration Statement and the Primary Exchange Circular are hereafter collectively referred to as the “Issuer Disclosure Materials.”

### **Background Information on the Fund**

Columbia Multi-Sector Municipal Income ETF (the Fund) seeks investment results that, before fees and expenses, closely correspond to the performance of the Beta Advantage® Multi-Sector Municipal Bond Index (the Index).

The Fund is an exchange-traded fund (ETF) that seeks to replicate the performance of the Index. The Fund invests at least 80% of its assets in securities within the Index. For purposes of this policy, the Fund invests at least 80% of its net assets (plus borrowings for investment purposes) in bonds and other debt instruments issued by or on behalf of state or local governmental units whose interest is exempt from

U.S. federal income tax. In addition, the Fund may invest up to 20% of its assets in bonds and other debt instruments not included within the Index, cash, cash equivalents and money market instruments, such as money market funds (including money market funds advised by Columbia Management Investment Advisers, LLC (Columbia Management or the Investment Manager)), that the Investment Manager believes will help the Fund track the Index. The Index is owned and calculated by Bloomberg Index Services Limited (Bloomberg or the Index Provider), which is not affiliated with the Fund or Columbia Management. The Index was developed by Columbia Management working with the Index Provider.

The Index reflects a rules-based, multi-sector strategic beta approach to measuring the performance of the U.S. tax-exempt bond market, which is composed of bonds issued by or on behalf of state or local governments whose interest is exempt from regular federal income tax (but may be subject to the alternative minimum tax), through representation of five sectors of the municipal debt market in the Index, with a focus on yield, quality, maturity, liquidity, and interest rate sensitivity of the particular eligible universe. The Index includes publicly issued U.S. dollar denominated, fixed rate municipal bonds. California bonds, Guam bonds, Puerto Rico bonds, U.S. Virgin Island bonds, other U.S. territories, commonwealths and possessions, pre-refunded bonds, insured bonds, floaters, callable bonds with less than 1 year to call, tobacco bonds, and derivatives are all excluded from the Index. The Index, and therefore the Fund, will have exposure to the following five sectors of the municipal debt market (% amount noted is the Index's allocation to the particular sector): the Municipal Core Revenue Sector, as described below (45%); health care-related debt – the Municipal Health Care Sector (20%); high quality revenue bonds – the Municipal High Quality Revenue Sector (15%); general obligation (GO) bonds – the Municipal Core GO Sector (10%); and high yield debt (also known as “junk bonds”) – the Municipal High Yield Sector (10%). Each of the five sector's component bonds, other than the Municipal High Yield Sector, is derived from a sub-set index or indices of the Bloomberg Barclays Municipal Bond Index (the Parent Index), which serves as each sector's initial universe of securities eligible for inclusion in the Index. The Parent Index is a broad-based, market value-weighted index designed to measure the performance of the U.S. municipal bond market. The Index is designed to achieve higher yields and stronger risk-adjusted returns relative to that of the Parent Index. The Index's allocation to each of the five sectors is fixed and, as such, will not vary as a result of Index rebalancing or reconstitution. The number of securities in each of the five sectors and the Index as a whole noted below are as of January 31, 2020 and may change over time. The five sectors will generate all of the component securities of the Index. Each sector, as well as the Index itself, is market-value weighted.

As part of its multi-sector approach, the Index holds, and therefore the Fund invests in, those securities included in: the Bloomberg Barclays Municipal Bond: Electric Index, the Bloomberg Barclays Municipal Bond: Transportation Index, the Bloomberg Barclays Municipal Bond: Education Index, and the Bloomberg Barclays Municipal Bond: Leasing Index that meet the following criteria: are rated Aa3 or lower; have a remaining maturity of between and including 5 and 15 years; have an outstanding par value of at least \$10 million for the Bloomberg Barclays Municipal Bond: Leasing Index, \$15 million for the Bloomberg Barclays Municipal Bond: Electric Index and the Bloomberg Barclays Municipal Bond: Education Index, and \$30 million for the Bloomberg Barclays Municipal Bond: Transportation Index; and were issued as part of a transaction of at least \$100 million. At January 31, 2020, this sector held 1,520 securities.

As part of its multi-sector approach, the Index holds, and therefore the Fund invests in, those securities included in the Bloomberg Barclays Municipal Bond: Hospital Index that meet the following criteria: are rated Aa2 or lower; have a remaining maturity of between and including 10 and 25 years; have an outstanding par value of at least \$10 million; and were issued as part of a transaction of at least \$100

million. At January 31, 2020, this sector held 1,444 securities.

As part of its multi-sector approach, the Index holds, and therefore the Fund invests in, those securities included in the: (i) Bloomberg Barclays Municipal Bond: Housing Index that meet the following criteria: are rated Aa2 or higher; have a remaining maturity of between and including 2 and 15 years; have an outstanding par value of at least \$10 million; and were issued as part of a transaction of at least \$100 million; and (ii) the Bloomberg Barclays Municipal Bond: Water & Sewer Index that meet the following criteria: are rated A2 or higher; have a remaining maturity of between and including 2 and 10 years; have an outstanding par value of at least \$15 million; and were issued as part of a transaction of at least \$100 million. At January 31, 2020, this sector held 782 securities.

As part of its multi-sector approach, the Index holds, and therefore the Fund invests in, those securities included in the Bloomberg Barclays Municipal Bond: GO Index that meet the following criteria: are rated Aa3 or higher; have a remaining maturity of between and including 2 and 10 years; have an outstanding par value of at least \$15 million for local GO bonds and \$25 million for state GO bonds; and were issued as part of a transaction of at least \$100 million. At January 31, 2020, this sector held 1730 securities.

As part of its multi-sector approach, the Index holds, and therefore the Fund invests in, those securities included in the Bloomberg Barclays Municipal High Yield Bond Index that meet the following criteria: are rated B3 or higher; have a remaining maturity of between and including 10 and 25 years; have an outstanding par value of at least \$5 million; and were issued as part of a transaction of at least \$25 million. Tobacco bonds are excluded from this sector. At January 31, 2020, this sector held 436 securities.

All credit rating designations noted above are according to Bloomberg Barclays' index rating methodology.

The Fund may invest, as part of its 80% investment policy or otherwise when the Investment Manager believes it will help the Fund track the Index, in privately placed and other securities or instruments that are purchased and sold pursuant to Rule 144A or other exemptions under the Securities Act of 1933, as amended (the 1933 Act), subject to liquidity determinations and certain regulatory restrictions.

The Index is reconstituted and rebalanced monthly on the last business day of each month.

Columbia Management expects to utilize a "representative sampling" strategy whereby the Fund invests in only some of the component securities of the Index that, collectively, are believed by the Investment Manager to generally reflect the same risk and return characteristics of the Index. As such, the Fund may not track the Index with the same degree of accuracy as would an investment vehicle replicating (or investing in) the entire Index. Through its representative sampling investment technique, the Fund expects to typically hold between 150 and 200 bonds, but it may hold above or below this range. This is a small subset of the total number of holdings in the Index, which, as of January 31, 2020, had 5,912 holdings. As Fund assets under management increase, the Fund's holdings will likely increase. There may be instances in which the Fund may overweight (or underweight) an Index holding, purchase (or sell) instruments not in the Index as a substitute for one or more securities in the Index or utilize various combinations of other available investment techniques in seeking to replicate the performance of the Index. Under certain circumstances or conditions or due to other factors, including, for example, the size of the Fund (in terms of assets under management), the Fund may increase its number of holdings beyond the typical number of holdings stated above.

The Fund may sell securities or other holdings that are represented in the Index or purchase securities or make other investments that are not yet represented in the Index in anticipation of their removal from or addition to the Index.

The Investment Manager does not invest the Fund's assets based on its view of the investment merits of a particular security or company, neither does it conduct fundamental investment research or analysis, nor seek to forecast or otherwise consider market movements, conditions or trends in managing the Fund's assets. The Fund pursues its investment objective of correlating performance with the Index regardless of market conditions and does not take defensive positions.

To the extent the Index is concentrated in a particular sector or industry, the Fund will necessarily be concentrated in that sector or industry.

The Fund issues and redeems shares only through Authorized Participants (typically broker-dealers) in large blocks of shares, typically 50,000 shares, called Creation Units. Creation Units are issued and redeemed typically for an in-kind basket of securities. Individual shares may only be purchased and sold on a national securities exchange through a broker-dealer. Because the Fund's shares trade at market prices rather than NAV, shares may trade at a price greater than NAV (a premium) or less than NAV (a discount).

### **Principal Risks**

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing a Fund's performance to not match the performance of its underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, issuer-specific risk, management risk, concentration risk, equity securities risk, sector risk and passive investment risk.

### **Exchange Rules Applicable to Trading in the Shares**

Trading in the Shares on MIAX PEARL is subject to MIAX PEARL trading rules.

### **Trading Hours**

The value of the Index underlying the Shares will be disseminated to data vendors every 15 seconds during the Regular Trading Session.

The Shares will trade on MIAX PEARL between 9:30 a.m. and 4:00 p.m. Please note that trading in the Shares during the Exchange's Pre-Market and Post-Market Sessions ("Extended Market Sessions") may result in additional trading risks which include: (1) that the current underlying indicative value may not be updated during the Extended Market Sessions, (2) lower liquidity in the Extended Market Sessions may impact pricing, (3) higher volatility in the Extended Market Sessions may impact pricing, (4) wider spreads may occur in the Extended Markets Sessions, and (5) because the indicative value is not calculated or widely disseminated during the Extended Market Sessions, an investor who is unable to calculate an implied value for the Shares in those sessions may be at a disadvantage to market professionals.

### **Dissemination of Data**

The Consolidated Tape Association will disseminate real time trade and quote information for the Shares to Tape B.

### **Delivery of a Prospectus**

MIAX PEARL Equity Members should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Fund. Prospectuses may be obtained through the Fund's website. The prospectus for the Fund does not contain all of the information set forth in the Fund's Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to its Registration Statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the Investment Company Act of 1940 and in the future make available a written product description, MIAX PEARL Rules requires that MIAX PEARL Equity Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, MIAX PEARL Equity Members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by an MIAX PEARL Equity Member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of [the UTP Exchange Traded Products] has been prepared by the [open-ended management investment company name] and is available from your broker. It is recommended that you obtain and review such circular before purchasing [the UTP Exchange Traded Products]."

A MIAX PEARL Equity Member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to MIAX PEARL Equity Member under this rule.

Upon request of a customer, MIAX PEARL Members also shall provide a copy of the Prospectus.

### **Suitability**

Trading in the securities on the Exchange will be subject to the provisions of MIAX PEARL Rule 2107 and other applicable suitability rules. Equity Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

### **Trading Halts**

MIAX PEARL will halt trading in the Shares of a security in accordance with MIAX PEARL Rules. The grounds for a halt under MIAX PEARL Rules include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

### **Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The Securities and Exchange Commission (the "SEC") has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

### **Regulation M Exemptions**

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund's securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

### **Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)**

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

#### **Rule 10b-17 (Untimely Announcement of Record Dates)**

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

#### **Section 11(d)(1); Rule 11d1-2 (Customer Margin)**

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

#### **Rule 14e-5**

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

**SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)**

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.

This Product Circular is not a statutory prospectus. MIAX PEARL Equity Members should consult the prospectus for a security and the security's website for relevant information.
