Background Information on the Fund

The Goldman Sachs Access Ultra Short Bond ETF (the “Fund”) seeks to provide current income with preservation of capital.

The Fund seeks to achieve its investment objective by investing, under normal circumstances, at least 80% of its net assets plus any borrowings for investment purposes (measured at the time of purchase) (“Net Assets”) in a broad range of U.S. dollar-denominated bonds. The Fund primarily invests in obligations issued or guaranteed by the U.S. Government, its agencies, authorities, instrumentalities or sponsored enterprises (“U.S. Government Securities”), obligations of U.S. banks, corporate notes,

commercial paper and other short-term obligations of U.S. companies, states, municipalities and other entities, fixed and floating rate mortgage-backed securities, asset-backed securities, collateralized loan obligations (“CLOs”) and repurchase agreements. The Fund may also invest in U.S. dollar-denominated obligations issued or guaranteed by foreign banks, companies and governments or their agencies, authorities, instrumentalities or sponsored enterprises.

The Fund will generally focus its investments in securities of issuers that, at the time of purchase, have a short-term credit rating of at least investment grade by at least one nationally recognized statistical rating organization (“NRSRO”) (at least A-2, P-2, or F2 by Standard & Poor’s Ratings Services (“Standard & Poor’s”), Moody’s Investors Service, Inc. (“Moody’s”) or Fitch Ratings, Inc. (“Fitch”), respectively), have a long-term credit rating of at least investment grade by at least one NRSRO (at least BBB-, Baa3, or BBB by Standard & Poor’s, Moody’s or Fitch, respectively) if such securities only maintain long-term ratings, or, if unrated, are determined by the Investment Adviser to be of comparable credit quality at the time of purchase. The Fund may also rely on the credit quality of a guarantee or demand feature in determining the credit quality of a security supported by the guarantee or demand feature.

The Fund will concentrate its investments in the financial services group of industries. Therefore, under normal circumstances, the Fund will invest more than 25% of its total assets in securities issued by companies in the financial services group of industries and repurchase agreements secured by such obligations.

The Fund is an actively managed exchange-traded fund (“ETF”), which is a fund that trades like other publicly-traded securities. The Fund is not an index fund and does not seek to replicate the performance of a specified index.

The fund is not a money market fund and does not attempt to maintain a stable net asset value.

Under normal circumstances, the Fund’s effective duration is expected to be one year or less. “Duration” is a measure of a debt security’s price sensitivity to changes in interest rates. The longer the duration of the Fund (or an individual debt security), the more sensitive its market price to changes in interest rates. In computing duration, the Fund will estimate the duration of obligations that are subject to prepayment or redemption by the issuer, taking into account the influence of interest rates on prepayments and coupon flows. This method of computing duration is known as “option-adjusted” duration.

The Fund may, from time to time, take temporary defensive positions that are inconsistent with the Fund’s principal investment strategies in attempting to respond to adverse market, political or other conditions. For temporary defensive purposes, the Fund may invest up to 100% of its total assets in U.S. Government Securities, commercial paper rated at least A-2 by Standard & Poor’s, P-2 by Moody’s, or having a comparable credit rating by another NRSRO (or if unrated, determined by the Investment Adviser to be of comparable credit quality), certificates of deposit, bankers’ acceptances, repurchase agreements, non-convertible preferred stocks and non-convertible corporate bonds with a remaining maturity of less than one year, certain ETFs and other investment companies and cash items. Cash items are not income-generating and, as a result, the Fund’s current yield may be adversely affected during periods when such positions are held. Cash positions may also subject the Fund to additional risks and costs, such as increased exposure to the custodian bank holding the assets and any fees imposed for large cash balances. When the Fund’s assets are invested in such instruments, the Fund may not be achieving its investment objective.

Shares of a Fund may be acquired or redeemed directly from the Fund only in Creation Units of 25,000 or multiples thereof. Only an Authorized Participant may engage in creation or redemption transactions directly with a Fund. Once created, Shares of the Funds generally trade in the secondary market in amounts less than a Creation Unit.

Shares of the Funds are listed for trading on a national securities exchange during the trading day. Shares can be bought and sold throughout the trading day like shares of other publicly traded companies. However, there can be no guarantee that an active trading market will develop or be maintained, or that the Fund Shares listing will continue or remain unchanged. The Trust does not impose any minimum investment for Shares of a Fund purchased on an exchange. Buying or selling a Fund's Shares involves certain costs that apply to all securities transactions. When buying or selling Shares of a Fund through a financial intermediary, you may incur a brokerage commission or other charges determined by your financial intermediary.

The Trust's Board of Trustees has not adopted a policy of monitoring for frequent purchases and redemptions of Fund Shares ("frequent trading") that appear to attempt to take advantage of potential arbitrage opportunities presented by a lag between a change in the value of a Fund's portfolio securities after the close of the primary markets for the Fund's portfolio securities and the reflection of that change in the Fund's NAV ("market timing"). The Trust believes this is appropriate because ETFs, such as the Funds, are intended to be attractive to arbitrageurs, as trading activity is critical to ensuring that the market price of Fund Shares remains at or close to NAV. Since the Funds issue and redeem Creation Units at NAV plus applicable transaction fees, and the Funds' Shares may be purchased and sold on the Exchange at prevailing market prices, the risks of frequent trading are limited.

Section 12(d)(1) of the Investment Company Act restricts investments by registered investment companies and companies relying on Sections 3(c)(1) or 3(c)(7) of the Investment Company Act in the securities of other investment companies. Registered investment companies are permitted to invest in the Funds beyond the limits set forth in Section 12(d)(1), subject to certain terms and conditions set forth in an SEC exemptive order issued to GSAM and the Trust, including that such investment companies enter into an agreement with the Trust.

The Funds and the Distributor will have the sole right to accept orders to purchase Shares and reserve the right to reject any purchase order in whole or in part.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing a Fund's performance to not match the performance of its underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, issuer-specific risk, management risk, concentration risk, equity securities risk, sector risk and passive investment risk.

Delivery of a Prospectus

MIAX PEARL Equity Members should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Fund. Prospectuses may be obtained through the Fund’s website. The prospectus for the Fund does not contain all of the information set forth in the Fund’s Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to its Registration Statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the Investment Company Act of 1940 and in the future make available a written product description, MIAX PEARL Rules requires that MIAX PEARL Equity Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, MIAX PEARL Equity Members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by an MIAX PEARL Equity Member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: “A circular describing the terms and characteristics of [the UTP Exchange Traded

Products] has been prepared by the [open-ended management investment company name] and is available from your broker. It is recommended that you obtain and review such circular before purchasing [the UTP Exchange Traded Products].”

A MIAX PEARL Equity Member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to MIAX PEARL Equity Member under this rule.

Upon request of a customer, MIAX PEARL Members also shall provide a copy of the Prospectus.

Suitability

Trading in the securities on the Exchange will be subject to the provisions of MIAX PEARL Rule 2107 and other applicable suitability rules. Equity Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

Trading Halts

MIAX PEARL will halt trading in the Shares of a security in accordance with MIAX PEARL Rules. The grounds for a halt under MIAX PEARL Rules include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund's securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the

extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
