The purpose of this Product Circular is to outline various rules and policies that will be applicable to trading in this new product pursuant to the Exchange’s unlisted trading privileges, as well as to provide certain characteristics and features of the Shares. For a more complete description of the Issuer, the Shares and the underlying market instruments or indexes, visit the Issuer Website, consult the Prospectus available on the Issuer Website, examine the Issuer Registration Statement or review the most current information bulletin issued by the Primary Listing Exchange. The Issuer Website, the Prospectus, the Issuer Registration Statement and the Primary Exchange Circular are hereafter collectively referred to as the “Issuer Disclosure Materials.”

Background Information on the Fund

Under normal circumstances, the Fund will invest at least 80% of its total assets in components of the Underlying Index and to-be-announced transactions representing such components. The Underlying Index seeks to track the performance of outstanding high yield debt securities denominated in U.S. dollars issued by Chinese companies. For purposes of the Underlying Index, Chinese companies include companies that conduct the majority of their business activities in, are headquartered in or have the majority of their business assets, profits, or revenues in China or Hong Kong as determined by the index provider, Solactive, AG (“Index Provider”).

Securities included in the Underlying Index are available for investment through the U.S. dollar-denominated bond market and may be primarily traded in different markets around the world, including Asia and the United States. The securities eligible for inclusion in the Underlying Index include fixed interest rate securities, fixed-to-float and fixed-to-variable securities with one year or more until their conversion, pay-in-kind securities, and step-up-coupon securities. The Underlying Index is weighted according to the market value of the outstanding debt qualified for inclusion in the Underlying Index, except that it limits, as of each rebalance: (1) issuers engaged in the same economic sector from representing more than 40% of the Underlying Index; and (2) after applying the sector limit, the weight of any single issuer's securities from exceeding 5% of the Underlying Index.

The issues that are eligible for inclusion in the Underlying Index, as of each rebalance, include those that are: (1) at least 40 days old; (2) have two to five years remaining until maturity or no maturity date; (3) are unrated by Fitch Ratings, Ltd. ("Fitch") or Moody's Investors Service, Inc. ("Moody's") or have at least one rating by Fitch or Moody's that is equal to or lower than BBB- or Baa3; (4) have not defaulted; (5) have a par value of at least \$300 million; and (6) are issued by issuers with outstanding public debt securities with a value of at least \$1 billion. The security with the highest yield to maturity will be included in the Underlying Index for issuers with more than one security eligible for inclusion in the Underlying Index or, if they have the same yield to maturity, the security with the highest amount outstanding will be included in the Underlying Index.

The Fund may invest up to 20% of its assets in instruments that are not included in the Underlying Index, but that the Fund's subadviser, CCB Securities, Ltd. ("CCBS") believes will help the Fund track its Underlying Index. These instruments include debt securities not included in the Underlying Index, such as sovereign and quasi-sovereign debt securities, on-shore renminbi ("RMB") debt securities ("RMB Bonds") eligible for investment through a People's Republic of China ("PRC") program that permits foreign investors to invest in RMB Bonds traded in the onshore market ("CIBM Program"), a Bond Connect Company Limited program ("Bond Connect") that allows foreign investors, such as the Fund, to invest in RMB Bonds through a Hong Kong account or through a Renminbi Qualified Foreign Institutional Investor ("RQFII") or Qualified Foreign Institutional Investor ("QFII") license, exchange-traded RMB Bonds and other foreign currency-denominated debt securities. To the extent the Fund invests in RMB Bonds, it expects to do so through the CIBM Program or Bond Connect but Krane Funds Advisors, LLC ("Krane" or "Adviser") or CCBS may also choose to apply for a RQFII or QFII license in the future. The Fund may also invest in derivatives (including swaps, forwards, futures, structured notes and options), equity securities and cash and cash equivalents. In addition, the Fund may invest in shares of investment companies, such as exchange traded funds ("ETFs"), unit investment trusts, closed-end investment companies and foreign investment companies, including to gain exposure to component securities of the Fund's Underlying Index or when such investments present a more cost efficient alternative to investing directly in the securities. Foreign investment companies in which the Fund may invest include RMB-denominated short-term bond funds domiciled in the PRC ("PRC Investment Companies"). The Fund may also hold cash in a deposit account in China or invest in U.S. money market funds or other U.S. cash equivalents. The other investment companies in which the Fund may invest may be advised, sponsored or otherwise serviced by Krane, CCBS and/or their affiliates. The Fund will not purchase shares of an investment company or hold cash in a Chinese deposit account if it would cause the Fund to (i) own more than 3% of such investment company's voting shares; (ii) invest more than 5% of its total assets in such investment company or such deposit account; or (iii) invest more than 10% of its total assets in investment companies and such deposit accounts. In addition, the Fund will not purchase a security issued by a closed-end fund if after such purchase the Fund and any other investment companies with the same investment adviser would own more than 10% of the voting shares of the

closed-end investment company.

Shares may be purchased and redeemed from the Fund only in “Creation Units” of 50,000 shares, or multiples thereof. As a practical matter, only institutions and large investors, such as market makers or other large broker-dealers, purchase or redeem Creation Units. Most investors will buy and sell shares of the Fund on the Exchange. Individual shares can be bought and sold throughout the trading day like other publicly traded securities through a broker-dealer on the Exchange. These transactions do not involve the Fund. The price of an individual Fund share is based on market prices, which may be different from its NAV. As a result, the Fund’s shares may trade at a price greater than the NAV (at a premium) or less than the NAV (at a discount). Most investors will incur customary brokerage commissions and charges when buying or selling shares of the Fund through a broker-dealer.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing a Fund’s performance to not match the performance of its underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, issuer-specific risk, management risk, concentration risk, equity securities risk, sector risk and passive investment risk.

A MIAX PEARL Equity Member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to MIAX PEARL Equity Member under this rule.

Upon request of a customer, MIAX PEARL Members also shall provide a copy of the Prospectus.

Suitability

Trading in the securities on the Exchange will be subject to the provisions of MIAX PEARL Rule 2107 and other applicable suitability rules. Equity Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

Trading Halts

MIAX PEARL will halt trading in the Shares of a security in accordance with MIAX PEARL Rules. The grounds for a halt under MIAX PEARL Rules include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the

Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase;
or

- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
