**Background Information on the Fund**

The Fund is an actively-managed exchange-traded fund (“ETF”) that pursues its investment objective by investing, under normal circumstances, at least 80% of its net assets (plus any borrowings made for investment purposes) in AAA rated first priority debt tranches of U.S. dollar-dominated collateralized loan obligations (“CLOs”).

CLOs are trusts that are typically collateralized by a pool of loans, which may include, among others, domestic and foreign senior secured loans, senior unsecured loans and subordinate corporate loans, including loans that may be rated below investment grade or equivalent unrated loans. The Fund may

invest in CLOs of any maturity. The Fund is actively managed and does not seek to track the performance of any particular index.

The Fund principally invests in CLOs with the following criteria:

#### Rated AAA

No CLO, at the time of purchase by the Fund, will have a rating that is below AAA (or equivalent by a nationally recognized statistical rating organization (“NRSRO”). An NRSRO is a credit rating agency that issues credit ratings that the SEC permits other financial firms to use for certain regulatory purposes. After purchase, a CLO’s rating may decline below the minimum rating required by the Fund for purchase. In such cases, the Adviser will consider whether continuing to hold the CLO is in the best interest of the Fund.

#### Broadly Syndicated Senior-Secured Loans

The underlying collateral pool for each CLO must be comprised primarily (typically 90%) of broadly syndicated senior-secured first lien loans. A Broadly Syndicated Loan CLO (“BSL CLO”) is a CLO that limits the amount of loan collateral whose offering size is typically less than \$250MM to a maximum of approximately 5% of the portfolio. No investments will be made in middle market CLOs, CBOs, ABS CDOs and synthetic CLOs.

#### First Priority Tranches Only

The Fund will invest only in the senior-most tranches of CLOs. The cash flows from a CLO trust are generally split into two or more portions, called tranches, varying in risk and yield. Senior tranches are paid from the cash flows of the underlying assets before the junior tranches and equity, or “first loss,” tranches. Losses are first borne by the equity tranches, then by the junior tranches, and finally by the senior tranches. Senior tranches pay the lowest interest rates but are generally safer investments than more junior tranches because, should there be any default, senior tranches are typically paid first. For the avoidance of doubt, the CLOs that the Fund purchases will be the senior-most tranches, consisting of floating rate bonds that rank first in priority of payments, at the time the CLO is issued. The Fund will not purchase CLO tranches that have subsequently become the senior-most tranches due to amortization of previously more senior tranches.

#### Minimum Offering and Tranche Size

The Fund will only invest in a CLO with a minimum initial total deal size of \$300 million and minimum initial AAA tranche size of \$150 million.

#### Maximum Positions Size

The Fund will not invest more than 5% of its total assets in any single security.

#### Maximum CLO Manager Exposure

The Fund will not invest more than 10% of its total assets in any single CLO manager.

#### Maximum Weighted Average Rating Factor

Each CLO will have a maximum Weighted Average Rating Factor (the “WARF”) (the “Maximum WARF”), at the time of purchase, of less than the greater of: a) 3,000, and b) the median WARF value of all outstanding broadly syndicated CLOs (as determined by AAF). WARF is a measure that is used by credit rating companies to indicate the quality of a CLO by aggregating the credit ratings of the CLO’s holdings into a single numerical value. If no WARF is calculated by the trustee of a particular CLO, Alternative

Access Funds, LLC (the “Adviser” or “AAF”) the Fund’s investment adviser, will at its discretion, invest only in a CLO that it believes would not exceed the Maximum WARF. After purchase, a CLO’s WARF may exceed the Maximum WARF. In such cases, the Adviser will consider whether to continue to hold the CLO. Additional information about the WARF is located in the “Additional Information About the Fund” section.

The Fund is an ETF. Unlike conventional mutual funds, the Fund issues and redeems Shares on a continuous basis, at NAV, only in Creation Units comprised of blocks of 100,000 Shares, or whole multiples thereof. Shares are not individually redeemable, and may only be issued to or redeemed by or through Authorized Participants. The Fund’s Creation Units are issued and redeemed principally for cash, but may also be issued and redeemed “in kind” for securities held by or eligible to be held by the Fund. Retail investors may acquire Shares on the Exchange through a broker-dealer. Shares of the Fund trade on the Secondary Market at market price rather than NAV. As such, Shares may trade at a price greater than NAV (premium) or less than NAV (discount). Investors may incur costs attributable to the difference between the highest price a buyer is willing to pay to purchase Shares (bid) and the lowest price a seller is willing to accept for Shares (ask) when buying or selling Shares in the secondary market (the “bid-ask spread”).

### **Principal Risks**

## **Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

## **Regulation M Exemptions**

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

## **Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)**

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of

shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

#### **Rule 10b-17 (Untimely Announcement of Record Dates)**

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

#### **Section 11(d)(1); Rule 11d1-2 (Customer Margin)**

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

#### **Rule 14e-5**

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or

- any reference security, does not comprise more than 5% of the value of the basket purchase;  
or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
  - 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

**SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)**

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
