Background Information on the Fund

The Fund seeks total return on an after-tax basis. The Fund seeks to achieve its investment objective by investing in a diversified portfolio of fixed income debt instruments of varying maturities. Under normal circumstances, the Fund invests at least 80% of its assets in U.S. dollar-denominated, investment-grade fixed income debt instruments. Fixed income debt instruments include bonds, debt securities and other similar instruments issued by various U.S. and non-U.S. public or private-sector entities.

The fixed income debt instruments in which the Fund may invest include securities issued or guaranteed by the U.S. government and its agencies, government-sponsored enterprise securities, corporate bonds,

mortgage-backed securities (including “to be announced” or “TBA” transactions), asset-backed securities, municipal securities, sovereign debt and debt securities issued by supranational organizations. They may pay fixed, variable, or floating interest rates. “Investment-grade” securities are securities that are rated by at least one major rating agency in one of its top four rating categories, or, if unrated, are determined by the Fund’s sub-advisers, Schroder Investment Management North America Inc. (“SIMNA”) and Schroder Investment Management North America Limited (“SIMNA Ltd.” or together with SIMNA, the “Sub-Advisers”) to be of similar quality, at the time of purchase. In the case of a split rated security (that is, two or more rating agencies give a security different ratings), the average rating shall apply.

The Fund may invest without limit in U.S. dollar denominated foreign securities. The Fund may also invest a portion of its assets in cash and cash equivalents. The Fund may invest in fixed income securities of any maturity or duration. The Fund’s effective duration may vary over time depending on the Sub-Advisers’ assessment of market and economic conditions and other factors.

“Total return” consists of income earned on the Fund’s investments, plus capital appreciation, if any. In seeking to achieve the Fund’s investment objective, the Sub-Advisers’ employ a tax-aware investing strategy that attempts to realize total return for shareholders, primarily in the form of current income and price appreciation, by balancing investment considerations and tax considerations. The Sub-Advisers allocate the Fund’s assets among taxable and tax-exempt investments with no limitation on the amount of assets that may be invested in either category. The Fund is eligible to pay “exempt-interest dividends” only if 50% of the value of its total assets is invested in tax-exempt securities at the end of each quarter of its taxable year. At times, the Fund’s investments in municipal securities maybe substantial depending on the Sub-Advisers’ outlook on the market. In particular, the Fund may invest more than 25% (but not more than 40%) of its total assets in municipal securities of issuers in each of California, New York and Texas.

It is important to understand that the Fund is not limited to investing solely in assets that generate tax-exempt income and may make both taxable and tax-exempt distributions to shareholders. Among the techniques and strategies used by the Fund in seeking tax-efficient management are the following: investing in municipal securities, the interest from which is exempt from federal income tax (but not necessarily the federal alternative minimum tax (“AMT”) or state income tax); investing in taxable securities where after-tax valuation is favorable; attempting to minimize net realized short-term capital gain; and employing a long-term approach to investing. When making investment decisions for the Fund, the Sub-Advisers take into consideration the maximum federal tax rates.

The Fund’s decision to purchase or sell a security or make investments in a particular sector is based on relative value considerations. In analyzing the relative attractiveness of a particular security or sector, the Sub-Advisers assess an issue’s historical relationships to other bonds, technical factors including supply and demand and fundamental risk and reward relationships.

As part of its tax-aware strategy, the Fund typically sells securities when the anticipated performance benefit justifies the resulting gain. This strategy often includes minimizing the sale of securities with large unrealized gains, holding securities long enough to avoid short-term capital gains taxes, selling securities with a higher cost basis first and offsetting capital gains realized in one security by selling another security at a capital loss.

In addition, the Fund may engage actively in transactions involving derivatives. Derivative transactions may include exchange-traded or over-the-counter derivatives, such as swap contracts (including interest

rate swaps, total return swaps, and credit default swaps), futures contracts, options on futures, and foreign currency exchange transactions (including currency futures, forwards, and option transactions). The Fund will normally use derivatives to supplement the effective management of its duration profile, to gain exposure to particular securities or markets, in connection with hedging transactions, or for purposes of efficient portfolio management, including managing cash flows or as part of the Fund's risk management process.

The Fund is an exchange-traded fund ("ETF"). Individual Fund shares may only be purchased and sold on a national securities exchange through a broker-dealer and may not be purchased or redeemed directly with the Fund. The price of Fund shares is based on market price, and because ETF shares trade at market prices rather than NAV, shares may trade at a price greater than NAV (a premium) or less than NAV (a discount). The Fund will only issue or redeem shares at NAV that have been aggregated into blocks of 50,000 shares or multiples thereof ("Creation Units") to authorized participants ("Authorized Participants") who have entered into participation agreements with the Fund's distributor, ALPS Distributors, Inc. (the "Distributor"). The Fund will issue or redeem Creation Units in return for a basket of securities and/or cash that the Fund specifies each Business Day.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of

shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or

- any reference security, does not comprise more than 5% of the value of the basket purchase;
or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
 - 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
