Background Information on the Fund

The Small-Cap Growth Fund is an actively-managed exchange-traded fund (“ETF”) and invests primarily in equity securities of small capitalization companies listed on a United States exchange and selected by Motley Fool Asset Management, LLC (the “Adviser” or “MFAM”), the Small-Cap Growth Fund’s investment adviser. The Small-Cap Growth Fund pursues its investment objective by using a quality growth style. The Small-Cap Growth Fund invests in a focused portfolio of the common stocks of high-quality companies organized in the United States that are engaged in a broad range of industries.

Under normal market conditions, the Small-Cap Growth Fund invests at least 80% of its net assets (plus

the amount of any borrowings for investment purposes) in equity securities issued by small capitalization companies. For this purpose, the Adviser currently defines small capitalization companies as being within the same range of market capitalizations as the companies in the Russell 2000 Growth Index (the "Index"). The Index is used for the purpose of determining ranges of market capitalizations and not for targeting portfolio management. Under normal circumstances, the SmallCap Growth Fund seeks to stay fully invested and does not attempt to time the market. The Small-Cap Growth Fund is non-diversified, which means that it may invest a significant portion of its assets in the securities of a single issuer or small number of issuers. In addition, at any given time, the Small-Cap Growth Fund may have a significant portion of its net assets invested in securities of issuers within a particular sector, such as the information technology, health care, industrial and consumer discretionary sectors.

In identifying investments for the Small-Cap Growth Fund, the Adviser looks for securities of companies that have high-quality businesses with strong market positions, manageable leverage, and the potential for robust streams of free cash flow. In managing the Small-Cap Growth Fund's investment portfolio, the Adviser regularly reviews and adjusts the Small-Cap Growth Fund's allocations to maintain a mix of investments that the Adviser believes offer the best overall potential for long-term growth of capital. The Small-Cap Growth Fund will sell securities in which it has invested based upon the Adviser's analysis of fundamental investment criteria, including its assessment of the current value of a security relative to the security's current market price, business fundamentals relating to the issuer, and developments affecting the issuer's business prospects and risks.

The Small-Cap Growth Fund prefers to invest in high-quality businesses when possible. To identify these high-quality businesses, the Adviser engages in research to evaluate each company under consideration using four criteria described in more detail below: (i) management, culture, and incentives; (ii) the economics of the business; (iii) competitive advantage; and (iv) trajectory. The Adviser's approach prizes a long-term mindset and a balance of qualitative and quantitative factors.

Management, Culture, and Incentives. The Adviser believes that management is a key element to long-term success at most businesses. Among the factors the Adviser considers are: manager and board of director fit, the clarity of vision and strategies, main-line culture and turnover, ownership in the business, the sensibility of incentives, capital allocation choices and results, external transparency and candor, and overall treatment of stakeholders.

The Adviser believes that the economic performance of a business is a signal for quality. The Adviser's process looks at the company's long-term return on capital, the scalability of its business model, relative and absolute margins, business and product cyclicity, and other key performance indicators to gain insight into its potential for future performance.

The Adviser seeks companies that offer certain characteristics that allow them to generate and sustain outsized returns on capital on an absolute basis as well as in comparison to their peers. Competitive advantages may include pricing power, geographic barriers to entry, network effects, regulatory barriers to entry and superior brands, among others. The Adviser also assesses the strength of the supporting capabilities each company possesses that reinforce these advantages to result in unique positioning.

Trajectory Companies often display superior economics over the short term due to favorable product cycles, customer preference, temporary or tactical advantages or other reasons. As the Adviser's desire is to own companies in the Small-Cap Growth Fund that can be kept in the portfolio for many years, a core part of the Adviser's process is to consider what the company might look like over a period of ten or more

years. The Adviser considers whether the company seems likely to grow, to increase profitability through additional products or other offerings, and if it has optionality and the financial capacity that may make it a larger, stronger business in the future than it might be today. The Small-Cap Growth Fund's investment portfolio is focused, generally composed of at least 30 investment positions.

While investing in a particular sector is not a principal investment strategy of the Small-Cap Growth Fund, its portfolio may be significantly invested in a sector as a result of the portfolio management decisions made pursuant to its principal investment strategy. While the Small-Cap Growth Fund does not place any restrictions on its level of sector concentration, it will limit its investments in industries within any particular sector to less than 25% of the Fund's total assets.

The SmallCap Growth Fund may not invest more than 15% of its net assets in illiquid securities. The Small-Cap Growth Fund may also seek to increase its income by lending securities.

The Small-Cap Growth Fund has elected to be, and intends to continue to qualify each year for treatment as a regulated investment company ("RIC") under Subchapter M of Subtitle A, Chapter 1, of the Internal Revenue Code of 1986, as amended (the "Code").

Shares are listed on a national securities exchange and investors can only buy and sell Shares through brokers or dealers at market prices, rather than NAV. Because Shares trade at market prices rather than NAV, Shares may trade at a price greater than NAV (premium) or less than NAV (discount). An investor may incur costs attributable to the difference between the highest price a buyer is willing to pay to purchase shares (bid) and the lowest price a seller is willing to accept for shares (ask) when buying or selling shares in the secondary market (the "bid-ask spread"). The median bid-ask spread for the Small-Cap Growth Fund's most recent fiscal year was 0.40%.

The Small-Cap Growth Fund issues and redeems Shares at NAV only in large blocks known as "Creation Units," which only APs (typically, broker-dealers) may purchase or redeem. Creation Units generally consist of 25,000 Shares, though this may change from time to time. The Small-Cap Growth Fund generally issues and redeems Creation Units in exchange for a portfolio of securities closely approximating the holdings of the Small-Cap Growth Fund (the "Deposit Securities") and/or a designated amount of U.S. cash.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund's securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the

extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
