### **Background Information on the Fund**

The Pacer CSOP FTSE China A50 ETF (the “Fund”) is an exchange traded fund (“ETF”) that seeks to provide investment results that, before fees and expenses, track the performance for the FTSE China A50 Net Total Return Index (the “Index”).

The Fund employs a “passive management” (or indexing) investment approach designed to track the total return performance, before fees and expenses, of the Index.

The Index is comprised of A-Shares issued by the 50 largest companies in the China A-Shares market. The

Index is a net total return index, which means that the performance of the Index assumes that dividends paid by the Index constituents, net of any withholding taxes, are reinvested in additional shares of such Index constituents.

The Index is a free float-adjusted market capitalization-weighted index compiled and published by FTSE International Limited (“FTSE” or the “Index Provider”), which is not affiliated with the Fund, Pacer Advisors, Inc. (the “Adviser”), CSOP Asset Management Limited (the “Sub-Adviser”), or the Fund’s distributor. The Index is a real-time, tradable index comprising the largest 50 China A-Share companies by full market capitalization of the FTSE China A All Cap Free Index. The Index is a subset of the FTSE China A All Cap Free Index, FTSE’s most comprehensive benchmark for the Chinese A-Share market. It is denominated and quoted in Chinese Yuan (“CNY”) and comprised of stocks listed on the Shanghai Stock and Shenzhen Stock Exchange main markets, the Shenzhen SME Board and/or the Shenzhen ChiNext Board. The Index Provider determines the composition of the Index and relative weightings of the Index constituents based on the Index’s methodology, and publishes information regarding the market value of the Index.

As of June 30, 2020, the 10 largest constituent securities of the Index represented approximately 54.69% of the Index.

A-Shares are a specific classification of equity securities issued by companies incorporated in the People’s Republic of China (“China” or the “PRC”). A-Shares are denominated and traded in renminbi (“RMB”), the official currency of the PRC, on the Shenzhen and Shanghai Stock Exchanges.

Since November of 2014, foreign investors have been permitted to invest in eligible China A-Shares listed on the Shanghai Stock Exchange through the Shanghai-Hong Kong Stock Connect program. The Shanghai-Hong Kong Stock Connect program, which was launched in 2014, established a securities trading and clearing program that enables mutual stock market access between mainland China and Hong Kong. Through the Shanghai-Hong Kong Stock Connect program, foreign investors such as the Fund can trade eligible China A-Shares subject to trading limits and rules and regulations as may be issued from time to time. More recently, in December of 2016 foreign investors are also permitted to invest in eligible China A-Shares listed on the Shenzhen Stock Exchange through the Shenzhen-Hong Kong Stock Connect program. While the Fund may access China A-Shares through the Shenzhen-Hong Kong Stock Connect program in the future, it has no immediate plans to do so.

The Sub-Adviser, on behalf of the Fund, will invest in eligible China A-Shares via the Shanghai-Hong Kong Stock Connect program.

The Fund will typically invest at least 80% of its total assets in the securities included in the Index. The Fund may invest the remainder of its assets in investments that are not included in the Index, but which the Sub-Adviser believes will help the Fund track the Index. These investments include: (i) interests in pooled investment vehicles tracking the Index or similar indexes, including affiliated and non-U.S. funds (certain of these funds may not be registered under the Investment Company Act of 1940, as amended (the “1940 Act”), and therefore are not subject to the same investor protections as the Fund); and (ii) other securities not included in the Index (including H-Shares, which are shares of a company incorporated in mainland China that are denominated in Hong Kong dollars and listed on the Hong Kong Stock Exchange or other foreign exchange). Subject to the requirement to generally invest at least 80% of its total assets in the securities of the Index, the Fund also may invest in money market instruments, cash, and cash equivalents.

The Fund will generally use a “replication” strategy to achieve its investment objective, meaning it will invest in all of the component securities of the Index in the same approximate proportion as in the Index. However, the Fund may use a “representative sampling” strategy, meaning it may invest in a sample of the securities in the Index whose risk, return and other characteristics closely resemble the risk, return and other characteristics of the Index as a whole, when the Fund’s sub-adviser believes it is in the best interests of the Fund (e.g., when replicating the Index involves practical difficulties or substantial costs, an Index constituent becomes temporarily illiquid, unavailable, or less liquid, or as a result of legal restrictions or limitations that apply to the Fund but not to the Index). Unlike many investment companies, the Fund does not try to “beat” the Index and does not seek temporary defensive positions when markets decline or appear overvalued.

The Fund is diversified under the Investment Company Act, but may invest more of its assets in the securities of a single issuer or small number of issuers than would otherwise be permitted for a diversified fund solely where the additional issuer weightings result from the index weighting of one or more Index constituents. As of June 30, 2020, the Index was concentrated in the financial sector.

The Fund is an ETF. This means that individual Shares of the Fund may only be purchased and sold on a national securities exchange, through a broker-dealer. Because Fund Shares trade at market prices rather than NAV, Shares may trade at a price greater than NAV (premium) or less than NAV (discount).

The Fund issues and redeems shares at NAV only in large blocks of shares (“Creation Units”), which only institutions or large investors may purchase or redeem. Currently, Creation Units generally consist of 50,000 shares, though this may change from time to time. The Fund generally issues and redeems Creation Units in exchange for a portfolio of securities (the “Deposit Securities”) and/or a designated amount of U.S. cash that the Fund specifies each day.

Prospectuses may be obtained through the Fund’s website. The prospectus for the Fund does not contain all of the information set forth in the Fund’s Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to its Registration Statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the Investment Company Act of 1940 and in the future make available a written product description, MIAX PEARL Rules requires that MIAX PEARL Equity Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, MIAX PEARL Equity Members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. It is recommended that you obtain and review such circular before purchasing [the UTP Exchange Traded Products].”

A MIAX PEARL Equity Member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to MIAX PEARL Equity Member under this rule.

Upon request of a customer, MIAX PEARL Members also shall provide a copy of the Prospectus.

### **Suitability**

Trading in the securities on the Exchange will be subject to the provisions of MIAX PEARL Rule 2107 and other applicable suitability rules. Equity Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

### **Trading Halts**

MIAX PEARL will halt trading in the Shares of a security in accordance with MIAX PEARL Rules. The grounds for a halt under MIAX PEARL Rules include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

### **Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The Securities and Exchange Commission (the "SEC") has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

### **Regulation M Exemptions**

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not

constitute a bid for or purchase of any of the Fund's securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

#### **Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)**

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

#### **Rule 10b-17 (Untimely Announcement of Record Dates)**

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

#### **Section 11(d)(1); Rule 11d1-2 (Customer Margin)**

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

#### **Rule 14e-5**

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations

from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

**SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)**

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
