#### **Background Information on the Fund**

The Fund is a commodity pool that issues Shares. The investment objective of the Fund is to have the daily changes in the Shares’ NAV reflect the daily changes of the price of sugar for future delivery, as measured by a benchmark (the “Benchmark”). The Benchmark for the Fund is the Teucrium Sugar Index (“TCANE”). Under normal market conditions, the Fund invests in sugar futures contracts and cash and cash equivalents. The Fund is organized as a series of the Trust, a Delaware statutory trust organized on September 11, 2009. The Trust and the Fund operate pursuant to the Trust’s Fifth Amended and Restated Declaration of Trust and Trust Agreement (the “Trust Agreement”), dated April 26, 2019.

The Fund was formed and is managed and controlled by the Sponsor, a limited liability company formed in Delaware on July 28, 2009. The Sponsor is registered as a commodity pool operator (“CPO”) and a commodity trading adviser (“CTA”) with the Commodity Futures Trading Commission (“CFTC”) and is a member of the National Futures Association (“NFA”). As noted, the investment objective of the Fund is to have the daily changes in the NAV of the Fund’s Shares reflect the daily changes in the sugar market for future delivery as measured by the Benchmark. The Benchmark is a weighted average of the closing settlement prices for three futures contracts for No. 11 Sugar (“Sugar Futures Contracts”) that are traded on the ICE Futures US (“ICE Futures”). The three Sugar No. 11 Futures Contracts that at any given time make up the Benchmark are referred to herein as the “Benchmark Component Futures Contracts.”

The Fund seeks to achieve its investment objective by investing in Benchmark Component Futures Contracts. Under normal market conditions, the Fund expects that 100% of the Fund’s assets will be invested in Benchmark Component Futures Contracts and in cash and cash equivalents.

Consistent with applicable provisions of the Trust Agreement and Delaware law, the Fund has broad authority to make changes to the Fund’s operations. Consistent with this authority, the Fund, in its sole discretion and without shareholder approval or advance notice, may change its investment objective, Benchmark, or investment strategies.

The Fund invests in Benchmark Component Futures Contracts to the fullest extent possible without being leveraged or unable to satisfy its expected current or potential margin or collateral obligations with respect to its investments in Benchmark Component Futures Contracts. After fulfilling such margin and collateral requirements, the Fund invests the remainder of its proceeds from the sale of baskets in short term financial instruments of the type commonly known as “cash and cash equivalents.” Cash and cash equivalents may include short-term Treasury bills, money market funds, demand deposit accounts, and commercial paper.

The Sponsor employs a “neutral” investment strategy intended to track the changes in the Benchmark regardless of whether the Benchmark goes up or goes down. The Fund’s “neutral” investment strategy is designed to permit investors generally to purchase and sell the Fund’s Shares for the purpose of investing indirectly in the sugar market in a cost-effective manner. The Sponsor endeavors to place the Fund’s trades in Benchmark Component Futures Contracts and otherwise manage the Fund’s investments so that the Fund’s average daily tracking error against the Benchmark will be less than 10 percent over any period of 30 trading days. However, the Fund incurs certain expenses in connection with its operations, which cause imperfect correlation between changes in the Fund’s NAV and changes in the Benchmark because the Benchmark does not reflect expenses or income. As a result, investors may incur a partial or complete loss of their investment even when the performance of the Benchmark is positive. Investors may purchase and sell Shares through their broker-dealers. However, the Fund creates and redeems Shares only in blocks called Creation Baskets and Redemption Baskets, respectively, and only Authorized Purchasers may purchase or redeem Creation Baskets or Redemption Baskets. An Authorized Purchaser is under no obligation to create or redeem baskets, and an Authorized Purchaser is under no obligation to offer to the public Shares of any baskets it does create. Baskets are generally created when there is a demand for Shares, including, but not limited to, when the market price per share is at (or perceived to be at) a premium to the NAV per Share. Similarly, baskets are generally redeemed when the market price per share is at (or perceived to be at) a discount to the NAV per Share.

The Sponsor believes that by investing in Benchmark Component Futures Contracts, the Fund’s net asset value (“NAV”) will closely track the Benchmark. The Sponsor also believes that because of market

arbitrage opportunities, the market price at which investors will purchase and sell Shares through their broker-dealer will closely track the Fund’s NAV.

### **Trading Halts**

MIAX PEARL will halt trading in the Shares of a security in accordance with MIAX PEARL Rules. The grounds for a halt under MIAX PEARL Rules include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

### **Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The Securities and Exchange Commission (the "SEC") has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for

exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

### **Regulation M Exemptions**

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

### **Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)**

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and

- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

#### **Rule 10b-17 (Untimely Announcement of Record Dates)**

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

#### **Section 11(d)(1); Rule 11d1-2 (Customer Margin)**

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

#### **Rule 14e-5**

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

#### **SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)**

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to

execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
