For a more complete description of the Issuer, the Shares and the underlying market instruments or indexes, visit the Issuer Website, consult the Prospectus available on the Issuer Website, examine the Issuer Registration Statement or review the most current information bulletin issued by the Primary Listing Exchange. **Background Information on the Fund**

The Fund seeks to provide a high level of income. Capital appreciation is a secondary objective.

The Fund is actively managed and invests primarily in high yield, high risk debt securities. As part of its main investment strategy, the Fund may invest in debt obligations structured as bonds and other debt securities issued by corporate and non-corporate issuers, private placements, other unregistered securities, convertible securities, debt and convertible securities of Real Estate Investment Trusts (REITs), preferred stock, variable and floating rate instruments, and zero coupon, pay-in-kind and deferred payment securities. Issuers may be domestic or foreign, but the Fund only will invest in U.S.

dollar denominated investments. The Fund may invest in debt securities issued by small and mid-cap companies.

Under normal circumstances, the Fund invests at least 80% of its Assets in high yield securities. For purposes of this policy a “high yield security” means the security, at the time of purchase, is rated below investment grade or unrated if the Fund’s adviser, J.P. Morgan Investment Management Inc. (JPMI the adviser) believes it to be of comparable quality to securities that are rated below investment grade. For purposes of this policy, “Assets” means net assets plus the amount of borrowings for investment purposes. The Fund will provide shareholders with at least 60 days prior notice of any change to this policy.

In implementing its strategy and seeking to achieve its investment objective, the Fund constructs a portfolio of holdings that seeks to outperform the Bloomberg Barclays U.S. Corporate High Yield – 2% Issuer Capped Index (the benchmark) over time while generally maintaining similar risk characteristics.

The Fund may invest up to 100% of its total assets in below investment grade or unrated securities. Such securities are also known as “junk bonds,” “high yield bonds” and “non-investment grade bonds.” Such securities may include “distressed debt “Distressed debt includes securities of issuers experiencing financial or operating difficulties, securities where the issuer has defaulted in the payment of interest or principal or in the performance of its covenants or agreements, securities of issuers that may be involved in bankruptcy proceedings, reorganizations or financial restructurings of securities of issuers operating in troubled industries.

The Fund mainly invests in securities included within the universe of the benchmark, however, the Fund may also invest in securities not included within the benchmark or securities or instruments with similar economic characteristics.

Under normal circumstances, the Fund targets a similar duration to the benchmark, but is not required to maintain a specific duration and may invest in securities of any maturity or duration. As of May 31, 2020, the effective duration of the benchmark was 4.03 years.

In managing the Fund, the adviser combines fundamental research with a disciplined portfolio construction process. The adviser utilizes proprietary research, risk management techniques and issuer and individual security selection in constructing the Fund’s portfolio. In-depth, fundamental research into issuers and individual securities is conducted by research analysts who emphasize each issuer’s long-term prospects. This research allows the adviser to rank issuers within each sector group according to what it believes to be their relative value. The adviser will ordinarily overweight issuers, securities and sectors that it deems to be attractive and under-weight or not invest in those issuers, securities and sectors that it believes are unattractive. The adviser may sell a security as its valuations or rankings change or if more attractive investments become available.

As part of its credit analysis, the adviser generally also evaluates whether environmental, social and governance factors could have a material negative or positive impact on the cash flows or risk profiles of companies in the universe in which the Fund may invest. These determinations may not be conclusive and securities of issuers that may be negatively impacted by such factors may be purchased and retained by the Fund while the Fund may divest or not invest in securities of issuers that may be positively impacted by such factors.

Individual Shares of the Fund may only be purchased and sold in secondary market transactions through brokers or financial intermediaries. Shares of the Fund are listed for trading on the Exchange, and because Shares trade at market prices rather than NAV, Shares of the Fund may trade at a price greater than (premium) or less than NAV (discount). Certain affiliates of the Fund and the adviser may purchase and resell Shares.

An investor may incur costs attributable to the difference between the highest price a buyer is willing to pay to purchase Shares of the Fund (bid) and the lowest price a seller is willing to accept for Shares (ask) when buying or selling Shares in the secondary market (the “bid-ask spread”).

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

### **Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)**

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the

Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

#### **Section 11(d)(1); Rule 11d1-2 (Customer Margin)**

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

#### **Rule 14e-5**

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase;
