The purpose of this Product Circular is to outline various rules and policies that will be applicable to trading in this new product pursuant to the Exchange’s unlisted trading privileges, as well as to provide certain characteristics and features of the Shares. For a more complete description of the Issuer, the Shares and the underlying market instruments or indexes, visit the Issuer Website, consult the Prospectus available on the Issuer Website, examine the Issuer Registration Statement or review the most current information bulletin issued by the Primary Listing Exchange. The Issuer Website, the Prospectus, the Issuer Registration Statement and the Primary Exchange Circular are hereafter collectively referred to as the “Issuer Disclosure Materials.”

Background Information on the Fund

The Securities are medium-term notes that are uncollateralized debt securities and are linked to the performance of the ICE BofAML Commodity index eXtra Biofuels Exchange Series— Total Return (the “Index”). The Securities will be issued in denominations of \$10 stated principal amount.

The return on the Securities is linked to the performance of the ICE BofAML Commodity index eXtra Biofuels Exchange Series— Total Return (Bloomberg symbol: MLCXBXTR) (the “Index”). The Index was created by Merrill Lynch Commodities, Inc. (“MLCI”) in conjunction with Merrill Lynch, Pierce, Fenner and

Smith Limited in 2007 and is designed to provide a benchmark for the biofuels sector and for investment in commodities as an asset class. Since the sale of the Index to Intercontinental Exchange (“ICE”) on October 22, 2017, ICE has served as the administrator (in such capacity, “Index Administrator”) of the Index. The Index comprises futures contracts (each an “Index Component”) on physical commodities that are either biofuels themselves or feedstock commonly used in the production of biofuels (each an “Index Commodity”). The Index is a total return index; thus it is designed to reflect the performance of a fully collateralized investment in the Index Components.

If your Securities have not been previously repurchased by SEK at your election, at maturity you will receive a cash payment equal to the principal amount of your Securities times the index factor determined on the final valuation date times the fee factor on the final valuation date. Prior to maturity, you may, subject to certain restrictions, offer your Securities for repurchase by SEK on any repurchase date during the term of the Securities, provided that you offer at least \$5,000,000 principal amount of Securities for repurchase and follow the procedures as described below.

If you choose to offer your Securities for repurchase on a repurchase date, you will receive a cash payment on such date in an amount equal to the weekly repurchase value, which is the principal amount of your Securities times the index factor on the applicable valuation date times the fee factor on the applicable valuation date.

The index factor on any given day, other than the final valuation date, will be equal to the closing level of the Index on that day divided by the initial index level. The index factor on the final valuation date will equal the average of the closing values of the index for the five trading days prior to and including the final valuation date divided by the initial index level. The initial index level is equal to 296.92.

The fee factor is equal to one minus the product of (i) the annual investor fee and (ii) the number of days elapsed from the inception date to and including the applicable valuation date divided by 365. The annual investor fee is equal to 0.75%.

A repurchase date is the fourth business day following a valuation date. A valuation date is each Tuesday from May 13, 2008 to February 7, 2023 inclusive or, if such date is not a trading day, the next succeeding trading day. Unless the scheduled repurchase date is postponed due to a market disruption event, the final day on which SEK will repurchase your Securities will be January 30, 2023. The weekly scheduled valuation date may be postponed due to a market disruption event with respect to an Index Component up to four scheduled trading days. If postponement of a valuation date due to a market disruption event occurs, such postponement will continue until the next trading day on which there is no market disruption event, up to four scheduled trading days. If a market disruption event with respect to an Index Component causes the postponement of the valuation date for more than four scheduled trading days, the level of the Index for such weekly repurchase date will be calculated by reference to the value of such affected Index Component determined (or, if not determinable, estimated) by the calculation agent in a manner that is commercially reasonable under the circumstances on the fourth scheduled trading day after the scheduled valuation date, which will be the weekly valuation date, as postponed.

Because the investor fee reduces the amount of your return at maturity or upon repurchase by SEK, the level of the Index must increase by an amount sufficient to offset the aggregate investor fee applicable to your Securities in order for you to receive at least the principal amount of your investment at maturity or upon repurchase by SEK. If the level of the Index decreases or does not increase sufficiently, you will receive less than the principal amount of your investment at maturity or upon repurchase by SEK.

The Securities have been approved for listing, and are currently trading, on the NYSE Arca. If an active secondary market in the Securities develops, we expect that investors will purchase and sell the Securities primarily in this secondary market.

If you wish to offer your Securities to SEK for repurchase, you and your broker must follow the following procedures:

- your broker must deliver an irrevocable Offer for Repurchase, to BofAS by 5:00 p.m., New York City time, on the fifth scheduled business day before the applicable valuation date prior to the applicable repurchase date. You must offer \$5,000,000 principal amount or more of your Securities for repurchase by SEK on any repurchase date. BofAS must acknowledge receipt from your broker in order for your offer to be effective.
- your broker must book a delivery vs. payment trade with respect to your Securities on the applicable valuation date at a price equal to the applicable weekly repurchase value, facing BofAS; and
- your broker must cause your DTC custodian to deliver the trade as booked for settlement via DTC at or prior to 10:00 a.m., New York City time, on the applicable repurchase date (the fourth business day following the valuation date).

Different brokers and DTC participants may have different deadlines for accepting instructions from their customers. Accordingly, you should consult the brokerage firm or other DTC participant through which you own your interest in the Securities in respect of such deadlines. If BofAS does not receive your offer to repurchase by 5:00 p.m., on the fifth scheduled business day before the applicable valuation date, your notice will not be effective and we will not accept your offer to repurchase your Securities on the applicable repurchase date. Any repurchase instructions which we receive in accordance with the procedures described above will be irrevocable.

In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the "SEC") has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under

Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund's securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
