### **Background Information on the Fund**

The Absolute Core Strategy ETF (the “Fund”) seeks positive absolute returns. St. James Investment Company, LLC, the Fund’s investment sub-adviser (the “Subadviser”), seeks to achieve the Fund’s objective by investing primarily in equity securities of U.S. companies that the Subadviser believes are priced at a substantial discount to the Subadviser’s estimate of fair value. However, the Fund may invest in companies of any market capitalization and in any economic sector, including equity securities of foreign companies that trade on U.S. exchanges, either directly or through American Depositary Receipts (“ADRs”). The Subadviser, which actively manages the Fund, uses a five-stage process to identify, purchase, and sell companies that it believes are fundamentally attractive and will yield positive absolute

returns, meaning it seeks positive returns in all market conditions, over complete market cycles, net of fees and expenses, and not returns that outperform a specific benchmark.

The first stage of the Subadviser's process is Qualification. The Subadviser begins with a universe of approximately 1700 companies and identifies candidates that the Subadviser believes are strong financially and have near-term operating challenges that depress its price, which the Subadviser believes is a combination that offers the potential for long-term value. The second stage is Quantitative Valuation, in which the Subadviser analyzes the initial set of candidates to estimate the fair value of the company. In the third stage, Fundamental Qualitative Research, the Subadviser conducts research to assess whether a company is likely to move toward the Subadviser's estimate of fair value. In the fourth stage, Portfolio Construction, the Subadviser selects a relatively small number of companies, typically between 20 and 25, with, at the time of purchase, no more than 8% in any given position and no more than 20% in a particular industry. The Subadviser expects that, because of its "bottom up" approach to company analysis, from time to time, the Fund could be overweight in certain market sectors. The Subadviser's strategy is based on company by company analysis, not market sector analysis. In the fifth stage, Sell Discipline, the Subadviser employs a process that triggers a sale when a company hits a sell target determined at the time of purchase, or when the Subadviser believes that there has been a significant change in the long-term prospects for the company.

The Fund is non-diversified, which means that it may invest a greater percentage of its assets in fewer issuers than a diversified fund.

The Fund may also invest all or substantially all of its assets in cash and cash equivalents, including money market funds and other short-term fixed income investments, in seeking to protect principal, or when, in the Subadviser's opinion, there are not sufficient companies at valuations appropriate for investment. As an alternative to holding cash or cash equivalents, the Subadviser may invest the Fund's assets in shares of other investment companies, including open-end and closed-end funds and exchange traded funds ("ETFs") (collectively, "Underlying Funds") in order for the Fund to be more fully invested.

Only certain financial institutions such as registered broker-dealers and banks that have entered into agreements with the Fund's Distributor ("Authorized Participants" or "APs") may acquire shares directly from the Fund and tender their shares for redemption directly to the Fund. Such purchases and redemptions are made at NAV per share and only in large blocks, or Creation Units, of shares. Purchases and redemptions directly with the Fund must follow the Fund's procedures, which are described in the SAI.

A creation transaction, which is subject to acceptance by the Fund's Distributor and the Fund, generally takes place when an AP deposits into the Fund a designated portfolio of securities ("Deposit Securities") (including any portion of such securities for which cash may be substituted) and a specified amount of cash approximating the holdings of the Fund in exchange for a specified number of Creation Units. The composition of such portfolio generally corresponds pro rata to the holdings of the Fund. However, the Fund may, in certain circumstances, offer Creation Units partially or solely for cash. Similarly, shares can be redeemed only in Creation Units, generally for a designated portfolio of securities (including any portion of such securities for which cash may be substituted) held by the Fund and a specified amount of cash. Except when aggregated in Creation Units, shares are not redeemable. The prices at which creations and redemptions occur are based on the next calculation of NAV after a creation or redemption order is received in an acceptable form under the AP agreement.

The Fund charges APs standard creation and redemption transaction fees to offset transfer and other transaction costs associated with the issuance and redemption of Creation Units. The standard creation and redemption transaction fees are set forth in the table below. The standard creation transaction fee is charged to the AP on the day such AP creates a Creation Unit, and is the same regardless of the number of Creation Units purchased by the AP on the applicable business day. Similarly, the standard redemption transaction fee is charged to the AP on the day such AP redeems a Creation Unit, and is the same regardless of the number of Creation Units redeemed by the AP on the applicable business day. Creations and redemptions for cash (when cash creations and redemptions (in whole or in part) are available or specified) are also subject to an additional charge (up to the maximum amounts shown in the table below). This charge is intended to compensate for brokerage, tax, foreign exchange, execution, price movement and other costs and expenses related to cash transactions (which may, in certain instances, be based on a good faith estimate of transaction costs).

Shares of the Fund are listed for trading on NYSE Arca under the symbol ABEQ. Share prices are reported in dollars and cents per share. Shares can be bought and sold on the secondary market throughout the trading day like other publicly traded shares, and shares typically trade in blocks of less than a Creation Unit. Shares may only be purchased and sold on the secondary market when the Exchange is open for trading. The Exchange is open for trading Monday through Friday and is closed on weekends and the following holidays, as observed: New Year's Day, Martin Luther King, Jr. Day, Presidents' Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

When buying or selling shares through a broker, you will incur customary brokerage commissions and charges, and you may pay some or all of the spread between the bid and the offered price in the secondary market on each leg of a round trip (purchase and sale) transaction.

The Fund may liquidate and terminate at any time without shareholder approval.

A MIAX PEARL Equity Member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to MIAX PEARL Equity Member under this rule.

Upon request of a customer, MIAX PEARL Members also shall provide a copy of the Prospectus.

### **Suitability**

### **Trading Halts**

MIAX PEARL will halt trading in the Shares of a security in accordance with MIAX PEARL Rules. The grounds for a halt under MIAX PEARL Rules include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

### **Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The Securities and Exchange Commission (the "SEC") has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

### **Regulation M Exemptions**

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not

constitute a bid for or purchase of any of the Fund's securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

#### **Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)**

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

#### **Rule 10b-17 (Untimely Announcement of Record Dates)**

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

#### **Section 11(d)(1); Rule 11d1-2 (Customer Margin)**

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

#### **Rule 14e-5**

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations

from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

**SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)**

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
