## **Background Information on the Fund**

The Direxion World Without Waste ETF (the “Fund”) seeks investment results, before fees and expenses, that track the Indxx US Circular Economy Index (the “Index”).

The Fund, under normal circumstances, invests at least 80% of its assets in the securities that comprise the Index.

The Index is designed by Indxx, LLC (the “Index Provider”) to be comprised of issuers that are representative of the economy shifting from a linear (one user and/or one use) model to a circular one (multi-owner and/or re-use). The Index Provider begins with a universe of U.S. listed securities and American Depositary Receipts (“ADRs”) that derive 50% or more of their revenue from the following categories: sustainability of resources, sharing platforms, resource recovery, product as a service, and life cycle extension. The Index Provider will include the top 10 companies from each category as determined by largest total market capitalization. If there are fewer than 10 companies in a category, then companies from the other categories with more than 10 companies will be included based on a company’s total market capitalization until there are 50 companies in the Index.

The sustainability of resources investment category includes companies that provide renewable energy, bio-based, or fully recyclable input material to replace single-lifecycle inputs and includes companies categorized as solar, wind, or hydro power, geothermal energy, biomass, biofuels, agriculture science, and energy-efficient solutions. The sharing platform investment category includes companies that enable an increased utilization rate of products by making possible shared use/access/ownership and includes companies categorized as peer-to-peer lending, sharing spaces, knowledge, content and talent sharing, crowd funding, aggregators, collaborative platforms, and software, platforms or infrastructure as services. The resource recovery investment category includes companies that recover useful resources or energy from disposed products or by-products and includes companies in waste management. The product as a service investment category includes companies that offer product access and retain ownership to internalize benefits of circular resource productivity and includes companies in the subscription economy. The life cycle extension investment category includes companies that extend the working lifecycle of products and components by repairing, upgrading, and reselling products or components.

Securities and ADRs included in the Index must be listed in the U.S.; have a minimum market capitalization of \$500 million; have average daily turnover greater than, or equal to, \$2 million; and be traded on 90% of the eligible trading days in the prior 6 months. The companies in the Index are equal weighted and rebalanced and reconstituted annually.

As of October 30, 2020, the Index was comprised of 47 constituents, which had a median total market capitalization of \$27.5 billion, total market capitalizations ranging from \$496.6 million to \$749.4 billion, and were concentrated in the information technology, consumer discretionary, and industrials sectors.

The components of the Index and the percentages represented by various sectors in the Index may change over time. The Fund will concentrate its investment in a particular industry or group of industries (*i.e.*, hold 25% or more of its total assets in the stocks of a particular industry or group of industries) to approximately the same extent as the Index is so concentrated.

The Fund uses a “passive” or indexing approach to attempt to achieve its investment objective. The Fund does not try to outperform the Index and does not generally take temporary defensive positions. Although

the Fund intends to fully replicate the Index, at times the Fund may hold a representative sample of the securities in the Index that have aggregate characteristics similar to those of the Index. This means the Fund may not hold all of the securities included in the Index, its weighting of investment exposure to such stocks or industries may be different from that of the Index and it may hold securities that are not included in the Index. The Fund will rebalance its portfolio when the Index rebalances. Additionally, if the Fund receives a creation unit in cash, the Fund repositions its portfolio in response to assets flowing into or out of the Fund.

The Fund is “non-diversified,” meaning that a relatively high percentage of its assets may be invested in a limited number of issuers of securities.

The Fund’s individual shares may only be purchased or sold in the secondary market through a broker, dealer or other financial intermediaries at market price rather than at net asset value. The market price of Shares will fluctuate in response to changes in the value of the Fund’s holdings and supply and demand for the Shares, which may result in shareholders purchasing or selling the Shares on the secondary market at a market price that is greater than net asset value (a premium) or less than net asset value (a discount). Additionally, a shareholder may incur costs attributable to the difference between the highest price a buyer is willing to pay for the Fund’s Shares (bid) and the lowest price a seller is willing to accept for the Fund’s Shares (ask) when buying or selling Shares on the secondary market (the “bid-ask spread”). Information regarding the Fund Shares such as net asset value, market price and related other information is available on the Fund’s website, [www.direxion.com/etfs](http://www.direxion.com/etfs).

The Fund’s shares are not individually redeemable by the Fund. The Fund will issue and redeem Shares only to Authorized Participants in exchange for cash or a deposit or delivery of a basket of assets (securities and/or cash) in large blocks, known as creation units, each of which is comprised of 25,000 Shares.

Prospectuses may be obtained through the Fund’s website. The prospectus for the Fund does not contain all of the information set forth in the Fund’s Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the Investment Company Act of 1940 and in the future make available a written product description, MIAX PEARL Rules requires that MIAX PEARL Equity Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. It is recommended that you obtain and review such circular before purchasing [the UTP Exchange Traded Products].”

A MIAX PEARL Equity Member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to MIAX PEARL Equity Member under this rule.

Upon request of a customer, MIAX PEARL Members also shall provide a copy of the Prospectus.

## **Suitability**

Trading in the securities on the Exchange will be subject to the provisions of MIAX PEARL Rule 2107 and other applicable suitability rules. Equity Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

## **Trading Halts**

MIAX PEARL will halt trading in the Shares of a security in accordance with MIAX PEARL Rules. The grounds for a halt under MIAX PEARL Rules include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

## **Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO-ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

## **Regulation M Exemptions**

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

## **Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)**

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

#### **Rule 10b-17 (Untimely Announcement of Record Dates)**

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

#### **Section 11(d)(1); Rule 11d1-2 (Customer Margin)**

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

#### **Rule 14e-5**

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

### **SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)**

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
