Background Information on the Fund

The Fund is an actively managed exchange-traded fund (“ETF”) that seeks to achieve its investment objective by investing, under normal circumstances, at least 80% of its net assets (plus any borrowings for investment purposes) in securities of companies that derive at least 50% of their net revenue from the marijuana and hemp business and in derivatives or other instruments that have economic characteristics similar to such securities. The Fund primarily will invest in exchange-listed equity securities, including common and preferred stock, of mid- and small-capitalization companies. The Fund also may use derivatives, including total return swaps, index swaps, equity basket swaps, or futures, to seek exposure to such U.S. and foreign securities. The Advisor may seek investment opportunities

through initial public offerings (“IPOs”).

In addition to its investment in securities of companies that derive a significant portion of their revenue from the marijuana and hemp business, the Fund may invest in securities of companies that, in the opinion of the Advisor, may have current or future revenues from cannabis-related business or that are registered with the DEA specifically for the purpose of handling marijuana for lawful research and development of cannabis or cannabinoid-related products.

Cannabis securities may be categorized among a wide variety of sectors and industries including agriculture, biotechnology, pharmaceuticals, real estate, retail, and finance. The types of companies that may engage in cannabis-related business include companies that conduct medical research, produce drug products, manufacture hemp products, or engage in agricultural activities, real estate activities, or financial services activities. The terms “marijuana” and “cannabis” are used interchangeably. Hemp refers to the industrial/commercial use of the cannabis stalk and seed for textiles, foods, papers, body care products, detergents, plastics and building materials. Cannabinoids are the chemical compounds secreted by cannabis plants. Cannabinoids can also be synthetically produced chemical compounds and used in lawful research and development of prescription drugs or other products utilizing cannabinoids as an active ingredient. The Advisor believes that continued legislative changes and social acceptance of cannabis in its various formats could lead to significant growth in cannabis-related public corporations. Companies involved in cannabis-related business could also benefit from significant merger and acquisition activity as the cannabis market matures. The Fund will only invest in companies that engage in cannabis related business that is permitted by national and local laws of the relevant jurisdiction, including U.S. federal and state laws.

The Fund will concentrate at least 25% of its investments in the pharmaceuticals, biotechnology and life sciences industry group within the health care sector. The Fund is non-diversified and may invest a greater percentage of its assets in a particular issuer than a diversified fund.

The Advisor may use a variety of methods for security selection. As the Fund primarily focuses on certain industries, the Advisor intends to select companies with dominant positions in their respective markets, or those in unique positions for growth and expansion. The Advisor will utilize numerous outside analyst ratings and stock selection rating tools. In addition, the Advisor may invest the Fund’s assets in lesser-known companies that the Advisor believes have a unique opportunity for growth. At times, the Advisor may aim to buy certain out-of-favor stocks believed to be at prices below their future potential value, as measured by the Advisor or outside analysts. The Fund may sell a security when the Advisor believes that the security is overvalued or better investment opportunities are available, or to limit position size within the Fund’s portfolio. In addition, the Fund may lend portfolio securities to brokers, dealers and other financial organizations that meet capital and other credit requirements or certain other criteria. In connection with its securities lending activities, the Fund may invest in repurchase agreements.

The Fund issues and redeems shares on a continuous basis at NAV only in a large specified number of shares called a “Creation Unit.” The shares of the Fund that trade on the Exchange are “created” at their NAV by market makers, large investors and institutions only in block-size Creation Units of at least 25,000 shares. A “creator” enters into an authorized participant agreement (“Participant Agreement”) with the Fund’s distributor or uses a Depository Trust Company (“DTC”) participant who has executed a Participant Agreement (an “Authorized Participant”), and deposits into the Fund a portfolio of securities closely approximating the holdings of the Fund and a specified amount of cash, together totaling the NAV of the Creation Unit(s), in exchange for at least 25,000 shares of the Fund (or multiples thereof).

Individual Fund shares may only be purchased and sold in secondary market transactions through brokers. The shares of the Fund are listed on the Exchange and, because shares trade at market price rather than at NAV, shares may trade at a value greater than or less than NAV.

Trading Halts

The grounds for a halt under MIAX PEARL Rules include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;

- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security.

In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
