### **Background Information on the Fund**

The Fund is an actively managed exchange-traded fund (“ETF”) that is primarily a “fund of funds”. The Fund invests in ETFs and exchange-traded notes (“ETNs”) that seek to track a diversified basket of global indices and investment sectors that meet certain selection criteria established by Partnervest Advisory Services, LLC (the “Sub-Advisor”). The Fund also may invest, subject to the same selection criteria, in exchange-traded products that invest directly in commodities or currencies and that are registered only pursuant to the Securities Act of 1933 (collectively with ETFs and ETNs, “ETPs”). The selection criteria include size, historical track record, diversification among indices, the correlation of an index to other indices and an ability to write covered call options on the particular ETP. The Fund also may invest in

individual securities. Individual security selection criteria include fundamental, behavior, qualitative and macro-economic data. The Sub-Advisor may dispose of the Fund's interest in an ETP or a particular security if it no longer meets the selection criteria. The Fund invests globally, which means that the Sub-Advisor invests anywhere in the world across a variety of asset classes and sectors.

The Sub-Advisor seeks to achieve the Fund's investment objective by using a proprietary strategy known as Volatility Enhanced Global Appreciation ("VEGA"). Through its investment selection, the Sub-Advisor strives for participation in the appreciation of the underlying assets while reducing the overall volatility of a global portfolio through the use of options.

The option strategies used by the Sub-Advisor are limited to covered call writing, selling cash-secured puts, and purchasing protective puts. These options strategies are intended to reduce risk. Covered call writing is when the owner of a security sells the right to someone else to purchase the security at a specified price within a specified time period. The owner receives a premium or payment for giving up the right to gains above the specified price within the defined period. In the event the price does not reach the target within the time period, it expires and the owner of the underlying security keeps the payment. Covered calls are sold on up to 100% of the underlying positions that have options available based upon volatility and its impact on the targeted beta of the overall portfolio. Selling cash-secured puts is when we sell the right to someone to sell us a security at a specified price within a specified time period. This price is generally below the current market value of the underlying security. Cash is used to secure the transaction so that if the put is exercised, and we are required to purchase the underlying security, the cash has already been set aside. Purchasing protective puts is when we purchase the right to sell someone a security at a specified price within a specified time period. There is an associated cost, but in the event the underlying security declines, ownership of the put can potentially help reduce the downside risk. In the event the market rises, the cost of the option can be lost. Through use of the above methods, the Sub-Advisor seeks to provide a strategy that allows for growth with reduced volatility as compared to the underlying portfolio benchmark.

To the extent cash and cash equivalents in the Fund's portfolio serve as collateral for cash-secured put options, such cash and cash equivalents may not be invested in ETPs, additional options, other securities or other similar investments in pursuit of the Fund's investment objective. Rather, on a day-to-day basis, such collateral may be invested in U.S. government securities, short-term, high quality fixed income securities, money market instruments, cash, and other cash equivalents with maturities of one year or less, or ETPs that hold such investments.

The Fund issues and redeems shares on a continuous basis at NAV only in a large specified number of shares called a "Creation Unit." The shares of the Fund that trade on the Exchange are "created" at their NAV by market makers, large investors and institutions only in block-size Creation Units of at least 25,000 shares. A "creator" enters into an authorized participant agreement ("Participant Agreement") with the Fund's distributor or uses a Depository Trust Company ("DTC") participant who has executed a Participant Agreement (an "Authorized Participant"), and deposits into the Fund a portfolio of securities closely approximating the holdings of the Fund and a specified amount of cash, together totaling the NAV of the Creation Unit(s), in exchange for at least 25,000 shares of the Fund (or multiples thereof).

Individual Fund shares may only be purchased and sold in secondary market transactions through brokers. The shares of the Fund are listed on the Exchange and, because shares trade at market price rather than at NAV, shares may trade at a value greater than or less than NAV.

## **Principal Risks**

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing a Fund's performance to not match the performance of its underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, issuer-specific risk, management risk, concentration risk, equity securities risk, sector risk and passive investment risk.

A MIAX PEARL Equity Member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to MIAX PEARL Equity Member under this rule.

Upon request of a customer, MIAX PEARL Members also shall provide a copy of the Prospectus.

### **Suitability**

### **Trading Halts**

MIAX PEARL will halt trading in the Shares of a security in accordance with MIAX PEARL Rules. The grounds for a halt under MIAX PEARL Rules include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

### **Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations**

The Securities and Exchange Commission (the "SEC") has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

### **Regulation M Exemptions**

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

### **Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)**

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and

- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

#### **Rule 10b-17 (Untimely Announcement of Record Dates)**

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

#### **Section 11(d)(1); Rule 11d1-2 (Customer Margin)**

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

#### **Rule 14e-5**

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

#### **SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)**

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
