Background Information on the Fund

The Fund seeks to achieve its investment objective by investing, under normal market conditions, primarily in global equity securities that provide a broad exposure to the cannabis industry. Equity securities that provide broad exposure to the cannabis industry include companies that (i) engage in or support the legal production, cultivation, and/or sale of cannabis, including marijuana and hemp, such as certain agro-business, biotechnology, life sciences, pharmaceutical, retail, finance, and real estate 2 companies, (ii) perform lawful research as to the medical and pharmaceutical applications of marijuana and cannabis extracts, including cannabinoids, or (iii) produce and develop devices, goods, and equipment related to the cannabis industry, including hemp and its legal derivatives (collectively,

“Cannabis Companies”). As the cannabis industry matures over time, Cambria Investment Management, L.P., the Fund’s investment adviser (“Cambria”), expects that the industry will grow and crossover with other established industries such as tobacco, food, alcohol, medicine, tourism, and personal care, and the definition of Cannabis Company will evolve as new business lines and products develop. Under the Farm Bill of 2018, hemp is defined as being derived from cannabis plants and plant parts that contain 0.3% or less of tetrahydrocannabinol (THC), the psychoactive agent found in marijuana, in their leaves and flowering heads. Hemp is commonly used to produce textiles, paper products, rope, and construction materials, and legal derivatives of hemp, such as hemp seeds, hemp seed oil and hemp seed protein, can be used in food products, cosmetics, plastics, and biofuel. Cannabinoids, such as THC and cannabidiol (CBD), are chemical compounds found in the cannabis plant that may be used in lawful research and the development of prescription drugs.

To be identified as a Cannabis Company, Cambria must determine that a company derives a significant portion (i.e., at least 50%) of its revenue or profits from the legal sale, cultivation, production, or provision of cannabis-related products, services, or research. The Fund will only invest in publicly-traded Cannabis Companies that operate in a jurisdiction where the Cannabis Companies’ cannabis-related business activities are legal under the national and local laws of the relevant jurisdiction, including U.S. federal and state laws. Further, the Fund will only invest in Cannabis Companies listed and traded on a national securities exchange that requires compliance with all laws, rules and regulations applicable to their business, including U.S. federal law. Accordingly, the Fund does not currently (directly or indirectly) invest in Cannabis Companies located in the U.S. if their cannabis-related business activities are illegal under U.S. federal law, even if such activities are legal under state law. If U.S. federal law changes in the future and these cannabis-related business activities become legal at the federal level, the Fund will begin investing in these U.S.-listed Cannabis Companies in accordance with the Fund’s investment objective and principal investment strategy. Under normal market conditions, at least 80% of the value of the Fund’s net assets (plus borrowings for investment purposes) will be invested in Cannabis Companies. The Fund generally expects to invest in Cannabis Companies across a broad market capitalization spectrum of micro-, small-, and mid-capitalization stocks. While the Fund will target investing in approximately 20 to 50 of the top Cannabis Companies based on Cambria’s determination as to their exposure to the cannabis industry, the quantity of holdings in the Fund will be based on a number of factors, including the asset size of the Fund and the number of companies that satisfy Cambria’s quantitative measurements at any one time. Filters will be implemented to screen for companies that pass various market capitalization, and liquidity requirements. The Fund expects to concentrate (hold more than 25% of) its assets in Cannabis Companies domiciled or principally traded in Canada and invest a significant portion of its assets in Cannabis Companies domiciled or principally traded in Australia, Europe or Asia. The Fund’s portfolio will be rebalanced periodically, but no less frequently than annually, to meet Cambria’s internal target allocations, which are developed pursuant to Cambria’s quantitative strategy. If, after acquiring a Cannabis Company’s securities, Cambria identifies or becomes aware that the company no longer meets the Fund’s definition of Cannabis Companies, the Fund will promptly sell that position. The Fund may sell a security when Cambria believes that the security is overvalued or better investment opportunities are available, to invest in cash and cash equivalents, or to meet redemptions.

Individual Shares are listed on a national securities exchange and may only be purchased and sold in the secondary market through a broker-dealer at a market price. Because Shares trade at market prices rather than NAV, Shares may trade at a price greater than NAV (at a “premium”) or less than NAV (at a “discount”). An investor may incur costs attributable to the difference between the highest price a buyer is willing to pay to purchase Shares (bid) and the lowest price a seller is willing to accept for Shares (ask)

when buying and selling Shares in the secondary market (the “bid/ask spread”). Recent information regarding the Fund, including its NAV, market price, premiums and discounts, and bid/ask spreads, is available on the Fund’s website at www.cambriafunds.com.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing a Fund’s performance to not match the performance of its underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, issuer-specific risk, management risk, concentration risk, equity securities risk, sector risk and passive investment risk.

Suitability

Trading in the securities on the Exchange will be subject to the provisions of MIAX PEARL Rule 2107 and other applicable suitability rules. Equity Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

Trading Halts

MIAX PEARL will halt trading in the Shares of a security in accordance with MIAX PEARL Rules. The grounds for a halt under MIAX PEARL Rules include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the "SEC") has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for

exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and

- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to

execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
