Background Information on the Fund

The Fund pursues its investment objective by investing, under normal circumstances, at least 80% of its net assets in a portfolio of fixed income instruments of varying maturities. As a general indication of the Fund’s risk/return profile, the portfolio managers will seek to select fixed-income instruments that can provide a return of 2-3% (net of fees) above the FTSE 3-MonthUS Treasury Bill Index. The Fund seeks value across sectors and geographies using a wide range of instruments to capitalize on investment opportunities to maximize current income while at the same time providing low volatility. The Fund seeks to take advantage of market mispricings and dislocations caused by structural inefficiencies in the fixed income market. For example, many fixed income indices are more heavily focused on the US or

other larger regions globally, and may underrepresent smaller countries or regions that offer appealing risk-adjusted return prospects. Similarly, many fixed income indices are heavily influenced by one or more of the largest components of the index, and may underrepresent smaller issuers that offer appealing return prospects. The types of fixed income instruments in which the Fund may invest include bonds, debt securities, and other similar instruments issued by various U.S. and foreign public- or private-sector entities. The Fund may invest up to 20% of its assets in asset-backed securities that are rated investment grade or of similar quality as determined by Janus Capital. From time to time, the Fund may invest up to 5% of its assets in asset-backed securities that are rated below investment grade, and up to 5% in non-agency mortgage-backed securities, so long as such instruments, together with other asset-backed securities held by the Fund, do not exceed 20% of the Fund's net assets. The Fund may also invest in cash or cash equivalents such as commercial paper, repurchase agreements and other short-duration fixed-income securities. The Fund may invest its uninvested cash in affiliated or non-affiliated money market funds. Due to the nature of the securities in which the Fund may invest, it may have relatively high portfolio turnover compared to other funds. Under normal circumstances, the average portfolio duration of the Fund generally will be within 0-2 years of the FTSE 3-Month US Treasury Bill Index. The Fund primarily invests in investment grade debt securities, rated Baa or higher by Moody's Investors Services, Inc. ("Moody's"), or equivalently rated by S&P Global Ratings ("Standard & Poor's") or Fitch, Inc. ("Fitch"), or, if unrated, determined by Janus Capital to be of comparable quality. The Fund may invest in high-yield bonds, commercial paper, mortgage-backed securities, and floating rate securities that are rated below investment grade (commonly known as "high-yield debt" or "junk bonds"), but generally intends to invest 15% or less of its net assets in such securities. The Fund may invest up to 70% of its assets in foreign securities. Within the Fund's exposure to foreign securities, it may invest in emerging markets, including frontier markets (which are even less developed than emerging market countries), but will normally limit emerging markets investments to 15% of its net assets, measured at the time of purchase. The Fund will normally limit its foreign currency exchange exposure to 15% of its total assets. The Fund may limit its foreign currency exchange exposure by hedging through the use of forward contracts, cross-currency swaps, and options. The Fund may use futures, options and swaps in connection with its principal strategies in certain market conditions for various investment purposes, such as to manage or hedge portfolio risk, enhance return, or manage duration. The Fund is "actively managed" and does not seek to replicate the performance of an index. The Fund is an actively-managed exchange-traded fund. Unlike shares of traditional mutual funds, shares of the Fund are not individually redeemable and may only be purchased or redeemed directly from the Fund at NAV in large increments called "Creation Units" (25,000 or more shares per Creation Unit) through certain participants, known as "Authorized Participants."

Janus Capital may modify the Creation Unit size with prior notification to the Fund's Authorized Participants. See the ETF portion of the Janus Henderson website for the Fund's current Creation Unit size. The Fund will generally issue Creation Units in exchange for cash, and redeem Creation Units in exchange for portfolio securities (and an amount of cash) that the Fund specifies each day. Except when aggregated in Creation Units, Fund shares are not redeemable securities of the Fund. Shares of the Fund are listed and trade on NYSE Arca, and individual investors can purchase or sell shares in much smaller increments for cash in the secondary market through a broker. These transactions, which do not involve the Fund, are made at market prices that may vary throughout the day and differ from the Fund's NAV. As a result, you may pay more than NAV (at a premium) when you purchase shares, and receive less than NAV (at a discount) when you sell shares, in the secondary market.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing a Fund’s performance to not match the performance of its underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, issuer-specific risk, management risk, concentration risk, equity securities risk, sector risk and passive investment risk.

Upon request of a customer, MIAX PEARL Members also shall provide a copy of the Prospectus.

Suitability

Trading in the securities on the Exchange will be subject to the provisions of MIAX PEARL Rule 2107 and other applicable suitability rules. Equity Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

Trading Halts

MIAX PEARL will halt trading in the Shares of a security in accordance with MIAX PEARL Rules. The grounds for a halt under MIAX PEARL Rules include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO- ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE

APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
