Teucrium 2x Daily Corn ETF	CXRN

Issuer Trust: Teucrium Investment Advisors, LLC

Issuer Website: <https://www.teucrium.com/>

Primary Listing Exchange: NYSE Arca

The purpose of this Product Circular is to outline various rules and policies that will be applicable to trading in this new product pursuant to the Exchange’s unlisted trading privileges, as well as to provide certain characteristics and features of the Shares. For a more complete description of the Issuer, the Shares and the underlying market instruments or indexes, visit the Issuer Website, consult the Prospectus available on the Issuer Website, examine the Issuer Registration Statement or review the most current information bulletin issued by the Primary Listing Exchange. The Issuer Website, the Prospectus, the Issuer Registration Statement and the Primary Exchange Circular are hereafter collectively referred to as the “Issuer Disclosure Materials.”

Background Information on the Fund

The Fund is an actively-managed exchange-traded fund (“ETF”) that seeks to achieve its investment objective primarily through managed exposure to corn futures contracts (“Corn Futures Contracts”) that trade only on an exchange registered with the Commodity Futures Trading Commission (“CFTC”), and cash, cash-equivalent or high-quality securities that serve as collateral to the Fund’s investments in Corn Futures Contracts (“Collateral Investments”). In this manner, the Fund seeks to provide daily leveraged exposure to the price of corn to seek returns equal to 200% of the daily price performance of corn.

The Fund does not intend to take physical delivery of corn associated with the Corn Futures Contracts. Instead, the Fund seeks to benefit from increases in the price of Corn Futures Contracts for a single day. The Fund also may invest in “Other Investments,” which may include: (i) reverse repurchase agreement transactions; (ii) shares of other Corn-linked exchange traded investment products (“Corn-Linked ETPs”) not registered as investment companies under the Investment Company Act of 1940, as amended (the “1940 Act”), which may include affiliated Corn-Linked ETPs such as Teucrium Corn Fund (Ticker: CORN), the sponsor of which wholly owns and controls the Adviser; and (iii) swap agreement transactions that reference corn, Corn-Linked ETPs, Corn Futures Contracts, or corn-related indexes (such as the Bloomberg Corn Subindex, S&P GSCI Corn or Teucrium Corn Fund Benchmark Index). The Fund invests, under normal circumstances, at least 80% of its net assets, plus the amount of any borrowings for investment purposes, in Corn Futures Contracts and Other Investments that in the aggregate provide exposure to the price movements of corn. Unlike many other commodity-based exchange-traded products, the Fund will not issue its shareholders a Schedule K-1 for tax reporting purposes, which can increase the complexity of a shareholder’s tax reporting. Instead, the Fund is designed to be taxed as a conventional mutual fund and will issue a Form 1099 to its shareholders for tax reporting purposes. A consequence of the Fund’s tax status is that it generally is limited to obtaining its exposure to Corn Futures Contracts through the Subsidiary, which is defined and described in the paragraphs that follow.

The Fund expects to invest in Corn Futures Contracts primarily indirectly through a wholly-owned subsidiary organized under the laws of the Cayman Islands (the “Subsidiary”). To seek to achieve 2x daily exposure to corn, the Fund intends to typically enter into Corn Futures Contracts as the “buyer.” In order to maintain its 2x daily exposure to corn, the Fund intends to exit its futures contracts as they near expiration and replace them with new futures contracts with a later expiration date. This process is referred to as “rolling.” The Fund may invest in Corn Futures Contracts of any expiration date traded on any CFTC-regulated commodity futures exchange, also known as a “designated contract market” (“DCM”). However, there can be no guarantee that such a strategy will produce the desired results. The Fund’s investment in the Subsidiary is intended to provide the Fund with exposure to Corn Futures Contracts, a type of commodities futures contract, within the limits of current federal income tax laws applicable to investment companies such as the 2 Fund, which limit the ability of investment companies to invest directly in commodities futures and certain other investments that do not generate qualifying income for tax purposes.

The Subsidiary, which is also managed by the Adviser, has the same investment objective as the Fund, but it may invest in commodities futures and similar investments, including certain Other Investments, to a greater extent than the Fund. Except as otherwise noted, for purposes of this Prospectus, references to the Fund’s investments include the Fund’s indirect investments through the Subsidiary. Because the Fund intends to elect to be treated as a regulated investment company (“RIC”) under the Internal Revenue Code of 1986, as amended (the “Code”), the size of the Fund’s investment in the Subsidiary generally will be limited to 25% of the Fund’s total assets, tested at the end of each fiscal quarter. The Fund will attempt to achieve its investment objective without regard to overall market movement or the increase or decrease of the price of corn. At the close of the markets each trading day, the Adviser determines the type, quantity and mix of investment positions so that its exposure to price of corn is consistent with the Fund’s investment objective. The impact of movements in the price of corn during the day will affect whether the Fund’s portfolio needs to be re-positioned. For example, if the price of corn has risen on a given day, net assets of the Fund should rise, meaning the Fund’s exposure will need to be increased. Conversely, if the price of corn has fallen on a given day, net assets of the Fund should fall, meaning the Fund’s exposure will need to be reduced. The Adviser may determine to modify the extent of the Fund’s exposure to Corn Futures Contracts in order to avoid exceeding any position limits applicable to Corn Futures Contracts established by the applicable DCM. These position limits may hinder the Fund’s ability to enter into the desired amount of Corn Futures Contracts at times. Because of the anticipated size of the Fund’s Corn Futures Contracts holdings relative to the size of the futures market, the Adviser does not anticipate that position limits will adversely affect the Fund’s ability

to seek its target exposure until the Fund's assets under management grow significantly. Any determination to modify the Fund's exposure to Corn Futures Contracts may cause the Fund to liquidate its Corn Futures Contracts holdings at disadvantageous times or prices, potentially subjecting the Fund to substantial losses, and prevent the Fund from achieving its investment objective. The Fund will also invest in Collateral Investments.

The Collateral Investments may consist of: (i) U.S. Government securities, such as bills, notes and bonds issued by the U.S. Treasury; (ii) money market funds; and/or (iii) corporate debt securities, such as commercial paper and other short-term unsecured promissory notes issued by businesses that are rated investment grade or determined by the Adviser to be of comparable quality. Such Collateral Investments are designed to provide liquidity, serve as margin or otherwise collateralize the Fund's investments in Corn Futures Contracts and certain Other Investments. The Fund is classified as a "non-diversified" investment company under the 1940 Act and, therefore, may invest a greater percentage of its assets in a particular issuer than a diversified fund. The Fund will not concentrate its investments (i.e., hold more than 25% of its total assets) in any industry or group of related industries. The Fund, however, will invest more than 25% of its total assets in investments that provide exposure to corn.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Fund of the principal risks of an investment in the Fund. These include tracking error risk (factors causing a Fund's performance to not match the performance of its underlying index), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, issuer-specific risk, management risk, concentration risk, equity securities risk, and passive investment risk.

Exchange Rules Applicable to Trading in the Shares

Trading in the Shares on MIAX PEARL is subject to MIAX PEARL trading rules.

Trading Hours

The value of the Index underlying the Shares will be disseminated to data vendors every 15 seconds during the Regular Trading Session. The Shares will trade on MIAX PEARL between 9:30 a.m. and 4:00 p.m. Please note that trading in the Shares during the Exchange's Pre-Market and Post-Market Sessions ("Extended Market Sessions") may result in additional trading risks which include: (1) that the current underlying indicative value may not be updated during the Extended Market Sessions, (2) lower liquidity in the Extended Market Sessions may impact pricing, (3) higher volatility in the Extended Market Sessions may impact pricing, (4) wider spreads may occur in the Extended Markets Sessions, and (5) because the indicative value is not calculated or widely disseminated during the Extended Market Sessions, an investor who is unable to calculate an implied value for the Shares in those sessions may be at a disadvantage to market professionals.

Dissemination of Data

The Consolidated Tape Association will disseminate real time trade and quote information for the Shares to Tape B.

Delivery of a Prospectus

MIAX PEARL Equity Members should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Fund. Prospectuses may be obtained through the Fund’s website. The prospectus for the Fund does not contain all of the information set forth in the Fund’s Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to its Registration Statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the Investment Company Act of 1940 and in the future make available a written product description, MIAX PEARL Rules requires that MIAX PEARL Equity Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, MIAX PEARL Equity Members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by an MIAX PEARL Equity Member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: “A circular describing the terms and characteristics of [the UTP Exchange Traded Products] has been prepared by the [open-ended management investment company name] and is available from your broker. It is recommended that you obtain and review such circular before purchasing [the UTP Exchange Traded Products].”

A MIAX PEARL Equity Member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to MIAX PEARL Equity Member under this rule. Upon request of a customer, MIAX PEARL Members also shall provide a copy of the Prospectus.

Suitability

Trading in the securities on the Exchange will be subject to the provisions of MIAX PEARL Rule 2107 and other applicable suitability rules. Equity Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

Trading Halts

MIAX PEARL will halt trading in the Shares of a security in accordance with MIAX PEARL Rules. The grounds for a halt under MIAX PEARL Rules include a halt by the primary market because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, or a halt for other regulatory reasons. In addition, MIAX PEARL will stop trading the Shares of a security if the primary market de-lists the security.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria. AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO-ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day.

This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rule 11d1-2 (Customer Margin)

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6 (Disclosure of Control and interest in Distributions)

The SEC has taken a no-action position under Rule 15c1-5 that will permit a broker-dealer to execute transactions in Shares without disclosing any control relationship with an issuer of a component security. In addition, the SEC has taken a no-action position under Rule 15c1-6 that will permit a broker dealer to execute transactions in the Shares without disclosing its participation or interest in a primary or secondary distribution of a component security.
