RE: Notice of Filing of a Proposed Rule Change to Amend the Codes of Arbitration Procedure to Make Changes to the Arbitrator List Selection Process

FINRA is proposing to amend the Code of Arbitration Procedure for Customer Disputes and the Code of Arbitration Procedure for Industry Disputes to make changes to certain provisions relating to arbitrator list selection.

Among other things, the proposed rule change would increase the opportunity for public arbitrators who are not qualified to serve as chairpersons to be selected by a computer algorithm, known as the “list selection algorithm,” for the list of arbitrators that is sent to the parties in certain customer and industry disputes that have a three-arbitrator panel.

For more information, see [SEC Release 34-101993](#) and [SR-FINRA-2024-022](#).

MIAX Exchanges are required by rule to inform Members of rule changes to FINRA’s arbitration rules published by the Securities and Exchange Commission.
