RE: Opening and Intra-day Quote Width Requirements for Symbol PCLN Effective July 18, 2016

As provided for under MIAX Rule 603(b)(4)(ii), the Exchange has increased the bid/ask differential other than the bid/ask differential described in MIAX Rule 503(e)(3) and 603(b)(4)(i) for the following option class.

Option Symbol	Security Name
PCLN	THE PRICELINE GROUP, INC.

The maximum opening quote width requirement of MIAX Rule 503(e)(3) for options in the above listed symbol is \$20.00.

The maximum intra-day quote width requirement of MIAX Rule 603(b)(4)(i) for options in the above listed symbol is \$20.00.

The MIAX Order Monitoring setting for market orders in the above listed symbol is \$20.00 wide or greater.

The above market maker quote requirements will be in effect starting July 18, 2016 and will remain in effect through Friday, September 30, 2016, unless withdrawn by the Exchange prior to that time.

As provided for under MIAX Rule 603(b)(5), the bid/ask differentials stated in subparagraph (b)(4) of Rule 603 shall not apply to in-the-money options where the underlying security's primary market is wider than the differentials set forth above. For these options, the bid/ask differential may be as wide as the quotation on the primary market of the underlying security.
