SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-73846; File No. SR-MIAX-2014-64]

Self-Regulatory Organizations; Miami International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change by Miami International Securities Exchange, LLC To Amend Exchange Rules 307 and 309 To Extend the SPY Pilot Program

December 16, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 11, 2014, Miami International Securities Exchange LLC ("MIAX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend Exchange Rules 307 and 309 to extend the pilot program that eliminates the position and exercise limits for physically-settled options on the SPDR S&P 500 ETF Trust ("SPY Pilot Program").

The text of the proposed rule change is available on the Exchange's Web site at http://www.miaxoptions.com/filter/wotitle/rule_filing, at MIAX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Exchange Rule 307, Commentary .01, Position Limits, and Exchange Rule 309, Commentary .01, Exercise limits, to extend the duration of the SPY Pilot Program through July 12, 2015. There are no substantive changes being proposed to the SPY Pilot Program. In proposing to extend the SPY Pilot Program, the Exchange affirms its consideration of several factors that support the proposal to establish the SPY Pilot Program, which include: (1) The liquidity of the option and the underlying security; (2) the market capitalization of the underlying security and the securities that make up the S&P 500 Index; (3) options reporting requirements; and (4) financial requirements imposed by MIAX and the Commission.

The current Pilot Report for the SPY Pilot Program is not due until on or before January 15, 2015. The Exchange notes that it is not aware of any problems created by the current SPY Pilot Program and does not foresee any problems with the proposed extension. The Exchange will formally submit the current Pilot Report for the SPY Pilot Program on or before January 15, 2015. In addition, the Exchange represents that if it chooses to extend or seek permanent approval of the SPY Pilot Program, that the Exchange will submit another Pilot Report at least thirty (30) days prior to the expiration of the extended SPY Pilot Program time period which would cover the period between reports. The Pilot Report will compare the impact of the pilot program, if any, on the volumes of SPY options and the volatility in the price of the underlying SPY contract, particularly at expiration. The Pilot Report also will detail the size and different types of strategies employed with respect to positions established in SPY options; note whether any problems, in the underlying SPY ETF or otherwise, arose as a result of the no-limit approach; and include any other information that may be useful in evaluating the effectiveness of the pilot program. In preparing the Pilot Report, the Exchange will utilize various data elements such as volume and open interest. In addition the Exchange would make available to Commission staff data elements relating to the effectiveness of the SPY Pilot Program.

Prior to the expiration of the SPY Pilot Program and based upon the

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

findings of the Pilot Report, the Exchange will be able to either extend the SPY Pilot Program, adopt the SPY Pilot Program on a permanent basis, or terminate the SPY Pilot Program. If the SPY Pilot Program is not extended or adopted on a permanent basis by the expiration of the Extended Pilot, the position limits for SPY would revert to limits in effect at the commencement of the SPY Pilot Program.

2. Statutory Basis

The Exchange believes that its proposed rule change is consistent with Section 6(b)³ of the Act in general, and furthers the objectives of Section 6(b)(5)⁴ of the Act in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

Specifically, the Exchange believes that extending the SPY Pilot Program promotes just and equitable principles of trade by permitting market participants, including market makers, institutional investors and retail investors, to establish greater positions when pursuing their investment goals and needs. The Exchange also believes that economically equivalent products should be treated in an equivalent manner so as to avoid regulatory arbitrage, especially with respect to position limits. Treating SPY and SPX options differently by virtue of imposing different position limits is inconsistent with the notion of promoting just and equitable principles of trade and removing impediments to perfect the mechanisms of a free and open market. At the same time, the Exchange believes that the elimination of position limits for SPY options would not increase market volatility or facilitate the ability to manipulate the market.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any aspect of competition, whether between the Exchange and its competitors, or among market

participants. Instead, the proposed rule change is designed to allow the SPY Pilot Program to continue as other SROs have adopted similar provisions.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act⁵ and Rule 19b-4(f)(6) thereunder.⁶ Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.⁷

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁸ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)⁹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay, noting that the Exchange believes a waiver of the operative delay is consistent with the protection of investors and the public interest because it would ensure fair competition among the exchanges by allowing the SPY Pilot Program to continue without interruption. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the

proposed rule change operative upon filing.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-73853; File No. SR-OCC-2014-22]

Self-Regulatory Organizations; The Options Clearing Corporation; Notice of Filing of a Proposed Rule Change, and Amendment No. 1 Thereto, To Establish Procedures Regarding the Monthly Resizing of its Clearing Fund and the Addition of Financial Resources

December 16, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 1, 2014, The Options Clearing Corporation (“OCC”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III below, which Items have been prepared by OCC. On December 16, 2014, OCC filed Amendment No. 1 to the proposed rule change.³ This Amendment No. 1 amends and replaces in its entirety the proposed rule change as originally filed on December 1, 2014. The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

¹¹ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ In Amendment No. 1, OCC amended the filing to include the Monthly Clearing Fund Sizing Procedure and the Financial Resource Monitoring and Call Procedure as exhibits to the filing, both defined hereinafter, as Exhibits 5A and 5B, respectively.

I. Clearing Agency’s Statement of the Terms of Substance of the Proposed Rule Change

OCC proposes to establish procedures regarding the monthly resizing of its Clearing Fund and the addition of financial resources through intra-day margin calls and/or an intra-month increase of the Clearing Fund to ensure that it maintains adequate financial resources in the event of a default of a Clearing Member or group of affiliated Clearing Members presenting the largest exposure to OCC.

II. Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, OCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. OCC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of these statements.

(A) Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

This Amendment No. 1 to SR-OCC-2014-22 (“Filing”) amends and replaces in its entirety the Filing as originally submitted on December 1, 2014. The purpose of this Amendment No. 1 to the Filing is to include the procedures that support the processes described in Item 3 of the Filing as Exhibit 5A, Monthly Clearing Fund Sizing Procedure, and Exhibit 5B, Financial Resources Monitoring and Call Procedure.

The proposed rule change is intended to describe the situations in which OCC would exercise authority under its Rules to ensure that it maintains adequate Financial Resources⁴ in the event that stress tests reveal a default of the Clearing Member or Clearing Member Group⁵ presenting the largest exposure would threaten the then-current Financial Resources. This proposed rule change would establish procedures

⁴ “Financial Resources” means, with respect to a projected loss attributable to a particular Clearing Member, the sum of the margin deposits and deposits in lieu of margin in respect of such Clearing Member’ accounts, and the value of OCC’s Clearing Fund, including both the Base Amount, as defined below, and the prudential margin of safety, as discussed below.

⁵ “Clearing Member Group” means a Clearing Member and any affiliated entities that control, are controlled by or are under common control with such Clearing Member. See OCC By-Laws, Article I, Sections 1.C.(15) and 1.M(11).

governing: (i) OCC’s resizing of the Clearing Fund on a monthly basis pursuant to Rule 1001(a) (the “Monthly Clearing Fund Sizing Procedure”); and (ii) the addition of Financial Resources through an intra-day margin call on one or more Clearing Members under Rule 609 and, if necessary, an intra-month increase of the Clearing Fund pursuant to Rule 1001(a) (the “Financial Resource Monitoring and Call Procedure”).⁶ The Monthly Clearing Fund Sizing Procedure would permit OCC to determine the size of the Clearing Fund by relying on a broader range of sound risk management practices than those historically used under Rule 1001(a).⁷ The Financial Resource Monitoring and Call Procedure would require OCC to collect additional Financial Resources in certain circumstances, establish how OCC calculates and collects such resources and provide the timing by which such resources would be required to be deposited by Clearing Members.

Background

OCC monitors the sufficiency of the Clearing Fund on a daily basis but, prior to emergency action taken on October 15, 2014,⁸ OCC had no express authority to increase the size of the Clearing Fund on an intra-month basis.⁹ During ordinary course daily monitoring on October 15, 2014, and as a result of increased volatility in the financial markets in October 2014, OCC determined that the Financial Resources needed to cover the potential loss associated with a default of the Clearing Member or Clearing Member Group presenting the largest exposure could

⁶ This proposed rule filing has also been filed as an advance notice filing (SR-OCC-2014-811).

⁷ The procedures described herein would be in effect until the development of a new standard Clearing Fund sizing methodology. Following such development, which will include a quantitative approach to calculating the “prudential margin of safety,” as discussed below, OCC will file a separate rule change and advance notice with the Commission that will include a description of the new methodology as well as a revised Monthly Clearing Fund Sizing Procedure.

⁸ On October 15, 2014, OCC filed an emergency notice with the Commission to suspend the effectiveness of the second sentence of Rule 1001(a). See Securities Exchange Act Release No. 73579 (November 12, 2014), 79 FR 68747 (November 18, 2014) (SR-OCC-2014-807). On November 13, 2014, OCC filed SR-OCC-2014-21 with the Commission to delete the second sentence of Rule 1001(a), preserving the suspended effectiveness of that sentence until such time as the Commission approves or disapproves SR-OCC-2014-21. See Securities Exchange Act Release No. 73685 (November 25, 2014) (SR-OCC-2014-21). At the time of this filing, the referenced Securities Exchange Act Release had not yet been published in the **Federal Register**.

⁹ See OCC Rule 1001(a).
