Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 19, 2014, Miami International Securities Exchange LLC (“MIAX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to modify the Trading Permit Fee for EEMs.

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify its Monthly Trading Permit fee to increase the monthly Trading Permit fee that applies to Electronic Exchange Members (“EEMs”).

Specifically, the Exchange proposes to increase the monthly Trading Permit fee that applies to EEMs to \$1,500, from the current level of \$1,000.

The Exchange issues Trading Permits that confer the ability to transact on the Exchange.³ The Exchange assesses monthly fees for Trading Permits depending upon the category of Member that is issued a particular trading permit.⁴ EEMs are assessed a monthly fee of \$1,000 for a Trading Permit. All Market Makers, whether they are a Registered Market Makers (“RMMs”), Lead Market Makers (“LMMs”), or Primary Lead Market Makers (“PLMMs”), are assessed \$4,000.00 per month for a Trading Permit for an assignment in up to 100 option classes, \$5,500.00 per month for a Trading Permit for an assignment in up to 250 option classes, or \$7,000.00 per month for a Trading Permit for an assignment in all option classes listed on the Exchange.

³ There is no limit on the number of Trading Permits that may be issued by the Exchange; however the Exchange has the authority to limit or decrease the number of Trading Permits it has determined to issue provided it complies with the provisions set forth in Rule 200(a) and Section 6(c)(4) of the Exchange Act. See 15 U.S.C. 78(f)(c)(4). For a complete description of MIAX Trading Permits, see MIAX Rule 200.

⁴ The monthly Trading Permit Fee is in addition to the one-time application fee for MIAX Membership. The Exchange charges a one-time application fee based upon the applicant’s status as either an Electronic Exchange Member (“EEM”) or as a Market Maker. Applicants for MIAX Membership as an EEM are assessed a one-time Application Fee of \$2,500.00. Applicants for MIAX Membership as a Market Maker are assessed a one-time Application Fee of \$3,000.00. The difference in the fee charged to EEMs and Market Makers reflects the additional review and processing effort needed for Market Maker applications.

The Exchange proposes to increase the monthly Trading Permit fee that applies to EEMs to \$1,500, in order to increase the Exchange's non-transaction fee revenues. The Exchange notes that the proposed monthly Trading Permit fees are generally lower than monthly trading permit fees in place at CBOE and the NASDAQ OMX PHLX LLC ("PHLX"). The \$1,500 monthly Trading Permit fee to be assessed to EEMs is lower than the CBOE's monthly electronic access trading permit fee (\$1,600) and the PHLX's monthly permit fee for members (\$2,150).

Members receiving Trading Permits during the month will be assessed Trading Permit Fees according to the above schedule, except that the calculation of the Trading Permit fee for the first month in which the Trading Permit is issued will be pro-rated based on the number of trading days occurring after the date on which the Trading Permit was in effect during that first month divided by the total number of trading days in such month multiplied by the monthly rate.

The Exchange proposes to implement the Trading Permit fees beginning January 1, 2015.

2. Statutory Basis

The Exchange believes that its proposal to amend its fee schedule is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(4) of the Act⁶ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members.

The Exchange believes that the proposed Trading Permit fee is reasonable, equitable and not unfairly discriminatory. The Exchange notes that the Trading Permit fees are lower than comparable fees at other exchanges as described in the Purpose section above. As such, the proposal is reasonably designed because it will incent market participants to register as EEMs on the Exchange in a manner that enables the Exchange to improve its overall competitiveness and

⁶ 15 U.S.C. 78f(b)(4).

strengthen its market quality for all market participants. The proposed fee is fair and equitable and not unreasonably discriminatory because the Trading Permit fee applies equally to all Members who choose to register as an EEM. All similarly situated EEMs will be subject to the same Trading Permit fee, and access to the Exchange is offered on terms that are not unfairly discriminatory.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposal increases both intermarket and intramarket competition by marginally increasing Trading Permit fees for EEMs on the Exchange in a manner that still remains lower than comparable fees on other exchanges. The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges and to attract order flow to the Exchange. The Exchange believes that the proposal reflects this competitive environment because it increases the Exchange's fees in a manner that continues to encourage market participants to register as EEMs on the Exchange, to provide liquidity, and to attract order flow. To the extent that this purpose is achieved, all the Exchange's market participants should benefit from the improved market liquidity.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁷ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
