Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of the Proposed Rule Change

(a) Miami International Securities Exchange, LLC (“MIAX” or “Exchange”), pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² proposes to amend the MIAX Options Fee Schedule.

A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1, and a copy of the applicable section of the proposed Fee Schedule is attached hereto as Exhibit 5.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the MIAX Board of Directors on December 11, 2014. Exchange staff will advise the Board of Directors of any action taken pursuant to delegated authority. No other action by the Exchange is necessary for the filing of the proposed rule change.

Questions and comments on the proposed rule change may be directed to Brian O’Neill, Vice President and Senior Counsel, at 609-897-1434.

3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**a. Purpose**

The Exchange proposes to amend the Fee Schedule to modify the transaction fees for Members that participate in the price improvement auction (“PRIME Auction” or “PRIME”)

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

pursuant to Rule 515A.³ Specifically, the Exchange proposes: (i) increase the fee for a PRIME AOC Response from \$0.45 per contract to \$0.49 per contract for standard options in Penny Pilot classes; (ii) increase the fee for a PRIME AOC Response from \$0.90 per contract to \$0.94 per contract for standard options in non-Penny Pilot classes; and (iii) provide for additional incentives for achieving certain Priority Customer Rebate Program volume tiers.

Currently, the Exchange assesses PRIME AOC Responses \$0.45 per contract for standard options in Penny Pilot classes and \$0.90 per contract in non-Penny Pilot classes. The Exchange now proposes to modify these fees that apply to PRIME AOC Responses. Specifically, the Exchange proposes: (i) increase the fee for a PRIME AOC Response from \$0.45 per contract to \$0.49 per contract for standard options in Penny Pilot classes; and (ii) increase the fee for a PRIME AOC Response from \$0.90 per contract to \$0.94 per contract for standard options in non-Penny Pilot classes. The Exchange will continue to assess the standard transaction fees to a PRIME AOC Response if they execute against unrelated orders.

The Exchange proposes to offer Members that submit PRIME AOC Responses the opportunity to reduce transaction fees by \$0.04 per contract in standard options if the Member or its affiliates of at least 75% common ownership between the firms as reflected on each firm's Form BD, Schedule A, qualifies in a given month for Priority Customer Rebate Program volume tiers 3, 4, or 5 in the Fee Schedule. Specifically, any Member or its affiliates of at least 75% common ownership between the firms as reflected on each firm's Form BD, Schedule A, that qualifies for Priority Customer Rebate Program volume tiers 3, 4, or 5 will be assessed a PRIME AOC Response fee of \$0.45 per contract for standard options in Penny Pilot classes. In addition,

any Member or its affiliates of at least 75% common ownership between the firms as reflected on each firm's Form BD, Schedule A, that qualifies for Priority Customer Rebate Program volume tiers 3, 4, or 5 will be assessed a PRIME AOC Response fee of \$0.90 per contract for standard options in non-Penny Pilot classes. The Exchange believes that these incentives will encourage Members to transact a greater number of contracts on the Exchange.

The Exchange proposes to implement the proposed changes beginning July 1, 2015.

b. Statutory Basis

The Exchange believes that its proposal to amend its fee schedule is consistent with Section 6(b) of the Act⁴ in general, and furthers the objectives of Section 6(b)(4) of the Act⁵ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members.

The Exchange's proposal to increase the transaction fees for Members that submit PRIME AOC Responses is reasonable because the Exchange's fees will remain competitive with fees at other options exchanges.⁶ The Exchange's proposal to increase the transaction fees for Members that submit PRIME AOC Responses is equitable and not unfairly discriminatory because the increase applies equally to all such market participants. The Exchange believes that the transaction fees for responding to the auction will not deter market participants from providing price improvement.

The Exchange believes that it is reasonable to assess lower transaction to penny option classes than non-penny option classes. The Exchange believes that options which trade at these

wider spreads merit offering greater inducement for market participants. In particular, within the PRIME, option classes that typically trade in minimum increments of \$.05 or \$.10 provide greater opportunity for market participants to offer price improvement. As such, the Exchange believes that the opportunity for additional price improvement provided by these wider spreads again merits offering greater incentive for market participants to increase the potential price improvement for customer orders in these transactions.

The Exchange's proposal to offer Members that submit PRIME AOC Responses the opportunity to reduce transaction fees by \$0.04 per contract in standard options, provided certain criteria are met, is reasonable because the Exchange desires to offer all such market participants an opportunity to lower their transaction fees. The Exchange's proposal to offer Members that submit PRIME AOC Responses the opportunity to reduce transaction fees by \$0.04 per contract in standard options, provided certain criteria are met, is equitable and not unfairly discriminatory because the Exchange will offer all market participants, excluding Priority Customers, a means to reduce transaction fees by qualifying for volume tiers in the Priority Customer Rebate Program. The Exchange believes that offering all such market participants the opportunity to lower transaction fees by incentivizing them to transact Priority Customer order flow in turn benefits all market participants.

The Exchange believes that the proposal to allow the aggregation of trading activity of separate Members or its affiliates for purposes of the fee reduction is fair, equitable and not unreasonably discriminatory. The Exchange believes the proposed rule change is reasonable because it would allow aggregation of the trading activity of separate Members or its affiliates for purposes of the fee reduction only in very narrow circumstances, namely, where the firm is an affiliate, as defined herein. Furthermore, other exchanges, as well as MIAX, have rules that

permit the aggregation of the trading activity of affiliated entities for the purposes of calculating and assessing certain fees. The Exchange believes that offering all such market participants the opportunity to lower transaction fees by incentivizing them to transact Priority Customer order flow in turn benefits all market participants.

4. Self-Regulatory Organization's Statement on Burden on Competition

MIAX does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed change will enhance the competitiveness of the Exchange relative to other exchanges that offer their own electronic crossing mechanism. The Exchange believes that the proposed fees are not going to have an impact on intra-market competition based on the total cost for participants to transact as respondents to the Auction as compared to the cost for participants to engage in non-Auction electronic transactions on the Exchange. As noted above, the Exchange believes that the proposed pricing for the PRIME Auction is comparable to that of other exchanges offering similar electronic price improvement mechanisms, and the Exchange believes that, based on experience with electronic price improvement crossing mechanisms on other markets, market participants understand that the price-improving benefits offered by the Auction justify and offset the transaction costs associated with Auction. To the extent that there is a difference between non-Auction transactions and Auction transactions, the Exchange does not believe this difference will cause participants to refrain from responding to Auctions. In addition, the Exchange does not believe that the proposed transaction fees and credits burden competition by creating a disparity of transaction fees between the PRIME Order and the transaction fees a responder pays would result in certain participants being unable to compete with the Contra-side Order. The Exchange expects to see

robust competition within the PRIME Auction, despite the apparent differences in non-Auction versus Auction responses.

To the extent that there is additional competitive burden on market participants without Priority Customer order flow, the Exchange believes that this is appropriate because the proposal should incent Members to direct additional order flow to the Exchange and thus provide additional liquidity that enhances the quality of its markets and increases the volume of contracts traded here. To the extent that this purpose is achieved, all the Exchange's market participants should benefit from the improved market liquidity. Enhanced market quality and increased transaction volume that results from the anticipated increase in order flow directed to the Exchange will benefit all market participants and improve competition on the Exchange.

The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges and to attract order flow to the Exchange. The Exchange believes that the proposed rule change reflects this competitive environment because it establishes a fee structure in a manner that encourages market participants to direct their order flow, to provide liquidity, and to attract additional transaction volume to the Exchange.

EXHIBIT 1SECURITIES AND EXCHANGE COMMISSION
(Release No. 34- ; File No. SR-MIAX-2015-41)

June __, 2015

Self-Regulatory Organizations: Notice of Filing and Immediate Effectiveness of a Proposed Rule Change by Miami International Securities Exchange LLC to Amend Its Fee Schedule

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 24, 2015, Miami International Securities Exchange LLC (“MIAX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend the MIAX Options Fee Schedule.

The text of the proposed rule change is available on the Exchange’s website at

http://www.miaxoptions.com/filter/wotitle/rule_filing, at MIAX’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified

in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule to modify the transaction fees for Members that participate in the price improvement auction (“PRIME Auction” or “PRIME”) pursuant to Rule 515A.³ Specifically, the Exchange proposes: (i) increase the fee for a PRIME AOC Response from \$0.45 per contract to \$0.49 per contract for standard options in Penny Pilot classes; (ii) increase the fee for a PRIME AOC Response from \$0.90 per contract to \$0.94 per contract for standard options in non-Penny Pilot classes; and (iii) provide for additional incentives for achieving certain Priority Customer Rebate Program volume tiers.

Currently, the Exchange assesses PRIME AOC Responses \$0.45 per contract for standard options in Penny Pilot classes and \$0.90 per contract in non-Penny Pilot classes. The Exchange now proposes to modify these fees that apply to PRIME AOC Responses. Specifically, the Exchange proposes: (i) increase the fee for a PRIME AOC Response from \$0.45 per contract to \$0.49 per contract for standard options in Penny Pilot classes; and (ii) increase the fee for a PRIME AOC Response from \$0.90 per contract to \$0.94 per contract for standard options in non-Penny Pilot classes. The Exchange will continue to assess the standard transaction fees to a PRIME AOC Response if they execute against unrelated orders.

The Exchange proposes to offer Members that submit PRIME AOC Responses the opportunity to reduce transaction fees by \$0.04 per contract in standard options if the Member or

its affiliates of at least 75% common ownership between the firms as reflected on each firm's Form BD, Schedule A, qualifies in a given month for Priority Customer Rebate Program volume tiers 3, 4, or 5 in the Fee Schedule. Specifically, any Member or its affiliates of at least 75% common ownership between the firms as reflected on each firm's Form BD, Schedule A, that qualifies for Priority Customer Rebate Program volume tiers 3, 4, or 5 will be assessed a PRIME AOC Response fee of \$0.45 per contract for standard options in Penny Pilot classes. In addition, any Member or its affiliates of at least 75% common ownership between the firms as reflected on each firm's Form BD, Schedule A, that qualifies for Priority Customer Rebate Program volume tiers 3, 4, or 5 will be assessed a PRIME AOC Response fee of \$0.90 per contract for standard options in non-Penny Pilot classes. The Exchange believes that these incentives will encourage Members to transact a greater number of contracts on the Exchange.

The Exchange proposes to implement the proposed changes beginning July 1, 2015.

2. Statutory Basis

The Exchange believes that its proposal to amend its fee schedule is consistent with Section 6(b) of the Act⁴ in general, and furthers the objectives of Section 6(b)(4) of the Act⁵ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members.

The Exchange's proposal to increase the transaction fees for Members that submit PRIME AOC Responses is reasonable because the Exchange's fees will remain competitive with fees at other options exchanges.⁶ The Exchange's proposal to increase the transaction fees for Members that submit PRIME AOC Responses is equitable and not unfairly discriminatory

The Exchange believes the proposed rule change is reasonable because it would allow aggregation of the trading activity of separate Members or its affiliates for purposes of the fee reduction only in very narrow circumstances, namely, where the firm is an affiliate, as defined herein. Furthermore, other exchanges, as well as MIAX, have rules that permit the aggregation of the trading activity of affiliated entities for the purposes of calculating and assessing certain fees. The Exchange believes that offering all such market participants the opportunity to lower transaction fees by incentivizing them to transact Priority Customer order flow in turn benefits all market participants.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed change will enhance the competitiveness of the Exchange relative to other exchanges that offer their own electronic crossing mechanism. The Exchange believes that the proposed fees are not going to have an impact on intra-market competition based on the total cost for participants to transact as respondents to the Auction as compared to the cost for participants to engage in non-Auction electronic transactions on the Exchange. C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁷ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

Comments may be submitted by any of the following methods:

MIAX will apply the PRIME Break-up credit to the EEM that submitted the PRIME Order for contracts that are submitted to the PRIME Auction that trade with a PRIME AOC Response. The applicable fee for PRIME Orders will be applied to any contracts for which a credit is provided. Transaction fees in mini-options will be 1/10th of the standard per contract fee or rebate described in the table above for the PRIME Auction. MIAX will assess the standard transaction fees to a PRIME AOC Response if

they execute against unrelated orders. Any Member or its affiliates of at least 75% common ownership between the firms as reflected on each firm's Form BD, Schedule A, that qualifies for Priority Customer Rebate Program volume tiers 3, 4, or 5 will be assessed a PRIME AOC Response fee of \$0.45 per contract for standard options in Penny Pilot classes. Any Member or its affiliates of at least 75% common ownership between the firms as reflected on each firm's Form BD, Schedule A, that qualifies for Priority Customer Rebate Program volume tiers 3, 4, or 5 will be assessed a PRIME AOC Response fee of \$0.90 per contract for standard options in non-Penny Pilot classes.
