1. Text of Proposed Rule Change

Miami International Securities Exchange, LLC (“MIAX” or “Exchange”), pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² proposes to amend the MIAX Options Fee Schedule (“Fee Schedule”).

A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1, and a copy of the amended section of the Fee Schedule is attached hereto as Exhibit 5.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by the Chief Executive Officer of the Exchange pursuant to authority delegated by the MIAX Board of Directors of the Exchange on December 10, 2015. Exchange staff will advise the Board of Directors of any action taken pursuant to delegated authority. No other action by the Exchange is necessary for the filing of the proposed rule change.

Questions and comments on the proposed rule change may be directed to Richard S. Rudolph, Vice President and Senior Counsel, at (609) 897-1484.

² 17 CFR 240.19b-4.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The purpose of the proposed rule change is to broaden the description of the information that is provided to users of the MIAX Financial Information Exchange ("FIX") Drop Copy Port to reflect information regarding trade corrections and trade cancellations.

The FIX Drop Copy Port is a messaging interface that currently provides a copy of real-time trade execution information through a FIX Port³ to FIX Drop Copy Port users who subscribe to the service. FIX Drop Copy Port users are those users who are designated by an Electronic Exchange Member ("EEM")⁴ to receive the information and the information is restricted for use by the EEM only. The Exchange assesses a monthly per port fee to users of the FIX Drop Copy Ports.

The FIX Drop Copy Port currently provides the user with a copy of real-time trade execution updates. The updates contain a copy of trade execution messages on a low latency, real-time basis. A FIX Drop Copy Port can be configured to monitor any number of FIX Ports

³ A FIX Port is an interface with MIAX systems that enables the Port user (typically an Electronic Exchange Member or a Market Maker) to submit orders electronically to MIAX. The term "Electronic Exchange Member" means the holder of a Trading Permit who is not a Market Maker. Electronic Exchange Members are deemed "members" under the Exchange Act. See Exchange Rule 100. The term "Market Makers" refers to "Lead Market Makers," "Primary Lead Market Makers" and "Registered Market Makers" collectively. A Lead Market Maker is a Member registered with the Exchange for the purpose of making markets in securities traded on the Exchange and that is vested with the rights and responsibilities specified in Chapter VI of these Rules with respect to Lead Market Makers. A Primary Lead Market Maker is a Lead Market Maker appointed by the Exchange to act as the Primary Lead Market Maker for the purpose of making markets in securities traded on the Exchange. A Registered Market Maker is a Member registered with the Exchange for the purpose of making markets in securities traded on the Exchange, who is not a Lead Market Maker. See Exchange Rule 100.

⁴ See id.

used by that EEM and a FIX Port user can have any number of FIX Drop Copy Ports. The FIX Drop Copy Port sends messages containing reports of order executions to the user based upon the group of FIX Ports that it is configured to monitor.

The Exchange proposes to provide FIX Drop Copy Port users with information regarding trade corrections and trade cancellations in addition to the information regarding trade executions currently received by such users. The purpose of including this additional information in the FIX Drop Copy Port without charge is to enhance the service provided by the Exchange by way of a value-added feature that transmits trade correction and cancellation information directly to FIX Drop Copy Port users. Moreover, this value-added feature enhances transparency on the Exchange respecting the status of trade corrections and cancellations submitted to the Exchange.

MIAX currently assesses a FIX Drop Copy Port fee of \$500 per port per month based on the number of FIX Drop Copy Ports to which a user subscribes and the fee includes connectivity to the Exchange's primary, secondary and disaster recovery data centers at no additional cost. The Exchange is not proposing a change to the FIX Drop Copy Port fee.

The proposed change to the information provided to FIX Drop Copy Port users will be implemented on a date announced by the Exchange by Regulatory Circular.

b. Statutory Basis

The Exchange believes that its proposed rule change is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act⁶ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating

⁵ 15 U.S.C. 78f(b).

⁶ 15 U.S.C. 78f(b)(5).

transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

The proposed rule change is designed to protect investors and the public interest and to promote just and equitable principles of trade by adding transparency to the Exchange's marketplace through the new information included in the FIX Drop Copy Port at no additional cost.

4. Self-Regulatory Organization's Statement on Burden on Competition

MIAX does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed enhancement of services by the Exchange provided to its Members and others using its facilities will not have an impact on competition. In fact, MIAX's proposed additional information provided to users of the FIX Drop Copy Port at no additional cost will benefit all Members who desire to use such services.

The FIX Drop Copy Port will continue to be offered as a service for FIX Drop Copy Port users at the same price, which is within the range of prices for similar ports offered by other exchanges,⁷ and therefore the Exchange believes that the current price of the port fee does not impose a burden on competition.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

⁷ See NYSE Arca Options Fees and Charges, p. 12, and NYSE Amex Options Fee Schedule, p. 24. Both NYSE Arca Options and NYSE Amex Options charge \$500 per port per month for a drop copy port.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

Pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6)⁹ thereunder, the Exchange has designated this proposal as one that effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

The Exchange believes that the addition of trade correction and cancellation information to the FIX Drop Copy Port is “non-controversial,” and raises no new regulatory issues. It is simply the addition of a value-added feature to an existing service that the Exchange provides to FIX Drop Copy Port users, at no additional cost to them. Furthermore, the proposed rule change is non-controversial because the additional information included in the FIX Drop Copy Port protects investors and the public interest by providing transparency concerning trade corrections and cancellations.

For the foregoing reasons, the Exchange believes that the proposed rule change is well-suited for, and meets the standards applicable to, the Commission’s treatment of non-controversial proposals under Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹

¹⁰ 15 U.S.C. 78s(b)(3)(A).

¹¹ 17 CFR 240.19b-4(f)(6).

Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement. Furthermore, a proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹² normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)¹³ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest.

The Exchange respectfully requests a waiver of the 30-day operative delay in order to best service Exchange Members that subscribe to the FIX Drop Copy Port. Waiver of the operative delay is consistent with the protection of investors and the public interest because it would enable market participants to benefit from the additional information provided in the FIX Drop Copy Port at no additional cost without undue delay.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

8. Proposed Rule Change Based on rules of Another Self-Regulatory Organization or of the Commission

The proposed rule change is based in part on the fee schedules of other exchanges.

(Release No. 34- ; File No. SR-MIAX-2016-06)

Self-Regulatory Organizations: Notice of Filing and Immediate Effectiveness of a Proposed Rule Change by Miami International Securities Exchange LLC to Amend the MIAX Options Fee Schedule

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 26, 2016, Miami International Securities Exchange LLC (“MIAX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend the MIAX Options Fee Schedule (“Fee Schedule”).

The text of the proposed rule change is available on the Exchange’s website at http://www.miaxoptions.com/filter/wotitle/rule_filing, at MIAX’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to broaden the description of the information that is provided to users of the MIAX Financial Information Exchange (“FIX”) Drop Copy Port to reflect information regarding trade corrections and trade cancellations.

The FIX Drop Copy Port is a messaging interface that currently provides a copy of real-time trade execution information through a FIX Port³ to FIX Drop Copy Port users who subscribe to the service. FIX Drop Copy Port users are those users who are designated by an Electronic Exchange Member (“EEM”)⁴ to receive the information and the information is restricted for use by the EEM only. The Exchange assesses a monthly per port fee to users of the FIX Drop Copy Ports.

The FIX Drop Copy Port currently provides the user with a copy of real-time trade execution updates. The updates contain a copy of trade execution messages on a low latency,

³ A FIX Port is an interface with MIAX systems that enables the Port user (typically an Electronic Exchange Member or a Market Maker) to submit orders electronically to MIAX. The term “Electronic Exchange Member” means the holder of a Trading Permit who is not a Market Maker. Electronic Exchange Members are deemed “members” under the Exchange Act. See Exchange Rule 100. The term “Market Makers” refers to “Lead Market Makers,” “Primary Lead Market Makers” and “Registered Market Makers” collectively. A Lead Market Maker is a Member registered with the Exchange for the purpose of making markets in securities traded on the Exchange and that is vested with the rights and responsibilities specified in Chapter VI of these Rules with respect to Lead Market Makers. A Primary Lead Market Maker is a Lead Market Maker appointed by the Exchange to act as the Primary Lead Market Maker for the purpose of making markets in securities traded on the Exchange. A Registered Market Maker is a Member registered with the Exchange for the purpose of making markets in securities traded on the Exchange, who is not a Lead Market Maker. See Exchange Rule 100.

real-time basis. A FIX Drop Copy Port can be configured to monitor any number of FIX Ports used by that EEM and a FIX Port user can have any number of FIX Drop Copy Ports. The FIX Drop Copy Port sends messages containing reports of order executions to the user based upon the group of FIX Ports that it is configured to monitor.

The Exchange proposes to provide FIX Drop Copy Port users with information regarding trade corrections and trade cancellations in addition to the information regarding trade executions currently received by such users. The purpose of including this additional information in the FIX Drop Copy Port without charge is to enhance the service provided by the Exchange by way of a value-added feature that transmits trade correction and cancellation information directly to FIX Drop Copy Port users. Moreover, this value-added feature enhances transparency on the Exchange respecting the status of trade corrections and cancellations submitted to the Exchange.

MIAX currently assesses a FIX Drop Copy Port fee of \$500 per port per month based on the number of FIX Drop Copy Ports to which a user subscribes and the fee includes connectivity to the Exchange's primary, secondary and disaster recovery data centers at no additional cost. The Exchange is not proposing a change to the FIX Drop Copy Port fee.

The proposed change to the information provided to FIX Drop Copy Port users will be implemented on a date announced by the Exchange by Regulatory Circular.

2. Statutory Basis

MIAX believes that its proposed rule change is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act⁶ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating

⁶ 15 U.S.C. 78f(b)(5).

transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

The proposed rule change is designed to protect investors and the public interest and to promote just and equitable principles of trade by adding transparency to the Exchange's marketplace through the new information included in the FIX Drop Copy Port at no additional cost.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed enhancement of services by the Exchange provided to its Members and others using its facilities will not have an impact on competition. In fact, MIAX's proposed additional information provided to users of the FIX Drop Copy Port at no additional cost will benefit all Members who desire to use such services.

The FIX Drop Copy Port will continue to be offered as a service for FIX Drop Copy Port users at the same price, which is within the range of prices for similar ports offered by other exchanges,⁷ and therefore the Exchange believes that the current price of the port fee does not impose a burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

⁷ See NYSE Arca Options Fees and Charges, p. 12, and NYSE Amex Options Fee Schedule, p. 24. Both NYSE Arca Options and NYSE Amex Options charge \$500 per port per month for a drop copy port.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, it has become effective pursuant to 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6)⁹ thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
